### **EDITORIAL**

There was a very poor showing of the American Flag in Fort Lauderdale on the Fourth of July. Dania, our little city to the south did much better.

Mac Gilliam, manager of Cunningham's Jewelry store reported that he heard my broadcast on the Fourth of July as he was driving south through Dania. Mac said the townspeople had beautifully spaced their flags all along the main highway and that this gave him a feeling of shame for Fort Lauderdale.

It is my hope that the time will NEVER come when another country can tell us we DO NOT have the privilege of owning and displaying our flag on holidays or every day of the year, for that matter. NO ONE IS STOPPING YOU NOW. You can phone Mr. Wolk and he will take your order. 2-8120.

In a very short time I believe my plan for the local Junior Woman's club of Fort Lauderdale to sell flags and keep the proceeds for the Free Dental clinic, will come to fruition. At least I know they are trying to work out the details. I hope all Wilton Manors, Oakland Park and Pompano Beach folks will take up the good cause.

### BETWEEN YOU AND ME

By Tod

We told you two weeks ago that we would have another "fish story" in this column-here goes.

It seems that Bud Light on 4th of Scout Camp, south of Miani, where July, wishing to celebrate a safe and sane 4th betook himself off to Anglin Pier for a little fishing.

We were told that Bud was admir ing the beautiful surroundings and probably thinking about all of those All State tires he was going to sell, when suddenly he was brought back to reality by a terrific tug on his line. With all of the dexterity and skill of an expert, Bud began playing the attacker and lo and behold, snap went his glass rod. Our informant tells us that Bud did never see what was on the other end of the line and we are wondering whether or not he might have hooked into a submarine or was it Puddles and Pete?

Flash !!!! Just heard that "Mama Meria" is taking over the dining room at the Tropical Club. Mama Maria is Mrs. Harley Sanderson's mother, known not only in this area but has a reputation second to none in Metrolow) on television, would be eating some of the delicious dishes that Mama Maria sent over to him when she was in the "big city." And don't forget the fellow that prepares all those delicious dishes is the famous chef, who answers to the pame of Ralph Cantall. By the way, our investigator was snooping and found out that the various ingredients used in their deficious dishes were "imported." The diging room at the Tropical Club will have its official opening this Saturday night for dinner.

# Early History Of Wilton Manors By Norman Malcolm

Like ourselves a goodly number of new as well as old residents in the Village have been curious as to the background of Wilton Manors-when it was founded and how it derived its name. Over the week-end we contacted Mr. Norman Malcolm, knowing that he has delved into the history and are indeed fortunate in getting some interesting information. On account of the length of the article it is our intention to run this information in serial form beginning with this issue.

# Goggin Services Held Monday

The many friends of Charles F. Goggin were shocked to learn of his death by heart attack last Thursday. Funeral services were held Monday from St. Anthony's Catholic Church with the Rev. John J. O'Looney officiating. Buriel was at Lauderdale Memorial Park. Fannin Funeral Home was in charge.

The deceased was 62 years of age and had been a private policeman at Harbor Beach subdivision.

Mr. Goggin, who came to Fort Lauderdale six years ago, was stricken at 6 p. m. Thursday as he was awaiting night patrol duty et Herbor Beach. He was pronounced dead on arrival at Broward General hospital.

Born in New York City, he was a retired athletic supervisor for the City of Chicago parks division.

He was a member of St. Anthony's Catholic parish and the William C. Morris post No. 36, American La-

Survivors include his wife Jane; a son Charles F., Jr., both of Fort Lauderdale: three brothers, Thomas, Cairo, N. Y., Frank New York City and John E., Coral Gables and a sister, Rita Goggin of New York City.

# INVESTIGATION NOT COMPLETE, POSTAL INSPECTOR CLAIMS

In our June 21st issue we reported that Postal Inspector W. I. Farmer had made a thorough investigation of Wilton Manors and had recommended the establishment of a contract station. Further, that a definite choice of location had not been made, and that mounted rural delivery was among Farmer's recommendations.

Several weeks have passed and Postmaster Shand reported early this week that there is a delay in the establishment of the Wilton Manor nost office because Inspector Farmer "has not yet completed his investigation."

Whatever is causing the delay in a the answer lies with the authorities at hand. The Bulletin will keep in close contact with Mr. Shand who is always extremely courtenus and willing to give out whatever information he appears to have for release.

# Studebaker Dealer Buvs House on N. E. 21st St.

Your Studebaker dealer in Fort Lauderdale, at 601 S. Andrews Ave. is a Wilton Manor resident. He is none other than Mr. Clarence B. Riggs who resides with his very attractive wife at N. E. 21st St. They purchased their home in the Village two months ago. Mr. Riggs is formerly from New York and his wife is originally from Dayton, Ohio. She has been a Fort Lauderdale resident for some time. And now The Bulletin welcomes this enterprising couple to the Village

The Village of Wilton Manors has built up rapidly during the past two years, and is still growing. Many people think the Village has a bright future. But, what of its past? Many of the present residents are newcomers and they may not have thought it has a past. Perhaps it was just another case of arrested development remaining from the days of The Boom which left old cement sidewalks and rusty light standards in the strangest of places.

After pondering this subject your inquiring reporter decided it should be investigated and requested an acquaintance, who is a bit of an antiquarian who loves to thumb over old records, to investigate and here are some facts from his report.

The first deed on record involving present Wilton Manors was executed in 1890. Any present resident can quiet his doubts about this date by a careful reading of his abstract of title. It came about as a step in the the mangrave warnps and sand outle

and their transformation into the present day Mecca for tourists and Elysian Fields for year 'round resi-

Key West is a place all its own, practically isolated from Florida proper. The people are mixed and customs differ a great deal from the rest of it. There are many historical spots which are of interest to all-the Southernmost house, turtle runs, the Little White House, and others.

All in all this is a most interesting trip and certain to be enjoyed by the whole family. And while in Key West be sure to order turtle steak and key lime pie.

At LILLIAN SHELL'S out at Gateway, there was a dress which I consider the perfect Florida dress. It's all in one, but has a bare midriff. "I fully realize your need and want to assure you that as soon as Congress gives the 'green light' for the building of new post offices, I shall do what I can to see that Pompano Beach gets one as soon as possible.

"Meanwhile, I have taken up the matter of a pestal contract station in the negro section and home carrier service and will advise you as soon as I have further information."
