Women of the Church—2nd and 4th Wednesdays, 8 P. M.

EMERGENCY PHONE NUMBERS

Fire and Police: 2-1411 or blow siren stationed on Manor Market Building.
Fire Blow 4 times.

THANKS, FOLKS, FOR YOUR HELP

We are deeply appreciative to you many kind folks who have sent or given us various news items. In this way we can keep you better informed as to what goes on in the Village. So, don't hesitate to call us at 2-3976 or drop any item in our mail box which is located at N. E. 25th St. and Fifth Ave.

Kiwanis Wives Hold Meeting

A meeting of Kiwanis members' wives, Sinawiks, met recently at the home of Mrs. Francis Gates. Plans for the furthering of Sinawik were discussed. Among those present were: Mrs. Don Grose, Mrs. Robert Jackson, Mrs. Frank Miller, Mrs. Hartman, Mrs. Perry Mickel and the hostess, Mrs. Gates.

It Pays to Read Ads Weekly Free Gifts

Every week The Bulletin with the cooperation of the advertisers will give away gifts in merchandise. Check your copy of The Bulletin to see if you have the ad with the stamp marked "Gift" and if so bring it to the merchant with the copy of The Bulletin and receive your gift of merchandise.

NEWSY NOTES

Mr. and Mrs. A. S. Chabot, and daughters Carol and Dee, are visiting relatives and friends in Kanakee and Bloomington, Ill.

Mr. and Mrs. George Roe, son Duke, of Lazy Lake, are home after vacationing at High Hampton, North Carolina.

Mr. and Mrs. Orley Dunton have returned from Grand Rapids, Michigan. They plan to make their new home their permanent residence, having sold their home in Grand Rapids. Mr. Dunton is Wilton Manors representative on the Broward County Economic Commission.

Mrs. William Cherney has gone to Atlanta to spend two weeks with her husband. Their children are visiting relatives in Cleveland. Mrs. Cherney will go to Cleveland and come back with the children about September 1.

Mr. and Mrs. W. J. Robinson attended the recent graduation exercises of their son who received his degree in pharmacy.

Mr. and Mrs. R. G. Jackson are visiting in their home town of Hockessin, Md.

Mrs. James Lippard is on a six-weeks European tour.

Carol Johnson, daughter of the Nancy's Dress Shoppe Johnsons, is at Girl Scout Camp at Naval Air Base.

Dan Chieppa, proprietor of Tropical Tile and Terrazzo Co., has returned after an extended visit in Virginia and New York.

Mr. and Mrs. "Bud" Light—you know Bud, that famous fisherman, are on an extended trip up north. I wonder what Pete and Puddles will do while Bud is away.

The Old Master Painter, O. W. Cooke of 2711 N. E. Sixth Lane has his son, Bill Cooke, visiting for two weeks. Bill comes from Springfield, Ill.

Byron C. Snelling of the Village is engaged in taking a 12-week course designed to train clerk-typists for the Air Force. He is stationed at New Mexico Highlands University. Mr. Snelling is the son of Mr. and Mrs. Arthur Snelling.

Chief Richard Beaney is in the process of placing approximately 30 signs to regulate traffic conditions in the Village.

Dan Chieppa of Tropical Tile and Terrazzo Co. was the winner of the orchid last Friday night at the Tropical Club.

Mr. and Mrs. Guy Hankee of 2117 N. E. Ninth Ave., celebrated their 17th wedding anniversary July 19th

(Continued on Page 4)

VILLAGE COUNCIL HAPPENINGS

An ordinance for vaccination of dogs in the Village was introduced and passed at the Council meeting. The ordinance calls for penalties upon conviction.

Transfer of a beer and wine license formerly held by Dolphin Sea Food Restaurant of 2157-2159 passed its first reading.

Mr. C. Wilson Brown of the Businessmen's Club appeared before the council on a matter pertaining to directional Wilton Manors signs to be erected at locations leading into the Village. There would be eight signs to be erected at strategic locations. The Council agreed to an appropriation to take care of this matter. Mr. Brown also reported on the progress made toward the improvement of Wilton Drive. He stated that grading would be started shortly, crushed stone distributed and shrubbery planted.

A committee from the Council will make a survey for placing additional lights in the Village.

Businessmen's Club Holds Meeting

The Businessmen's Club at their recent meeting at the home of Frank Miller, decided to use the Manor Barber Shop as their regular meeting place. Don Grose was given a vote of thanks for his generosity.

C. Wilson Brown reported on the directional signs which will be placed on the highways pointing out Wilton Manors. Mr. Brown also reported that the question as to the beautification and improvement of Wilton Drive would be an actuality in a short time as he had received promises from Mr. Gallion of the County Department. Shrubby will also be planted as reported by Mr. Brown, this being through the courtesy of nurseries in the area.

The question of lighting was taken up by the group. It was pointed out that neighboring shopping centers had much light in their stores and surroundings which was an asset in attracting people to shopping centers. Further study will be given this matter.

President Les Bagwell advised the group that some "N G" check artist was operating in the Village. He felt that as soon as one merchant found out, he in turn should contact the other people in business as a means of protection.

Son Performs Operation on Mother

Had a very interesting talk with Harry E. Barnes of Oakland Park the other day and learned that his wife, Mrs. Louise J. Barnes, returned recently by plane from Cincinnati, Ohio, where her oldest son, Dr. Louis J. Hendricks operated successfully on his mother for a cataract eye condition.

Mrs. Barnes also just received a letter from her other son, Lt. Col. A. B. Hendricks of the Veterans' Hospital in Biloxi, Miss., informing her that he had been sent to Montgomery, Ala., by the government. Another son, Edwin H. Barnes, is liaison representative for General Electric in Cincinnati.

The Barnes have been residents of Oakland Park for some time, residing at 242 S. W. Second St.

Village Council Gives Further Study On Water

BETWEEN YOU AND ME

Have noticed that Robert L. Moore, the jeweler who is located in Williams' Pharmacy, has been kept pretty busy since he has been here in the Village. It makes it mighty convenient to have a business of this nature right here in Wilton Manors. Mr. Moore specializes in watch repairing.

Manor Service, that is the Standard products station, has been kept busy putting on those hard to get sized Armstrong tires. Have also learned that a goodly number of folks have taken advantage of their offer of \$1.00 off on each new tire sold by bringing a copy of The Bulletin with them.

That special breakfast the Dinner Bell puts out for 29c can't be beat. Just think! One egg, two strips of bacon, toast and coffee. Dot tells me they have another breakfast special consisting of hot cakes with bacon or sausage for 34c.

If you like yours and our little paper and feel that we are doing a job in trying to keep you informed, we would appreciate it if you passed on a good word to our advertisers and prospective ones. Thanks.

Commission Analyzes Referendum Vote

Broward County prosperity is so closely affiliated with the Broward County Economic Development Commission Referendum to be held on August 7th that its Board of Directors has issued a brief analysis for the information of voters. It points out that if there was ever a time when new dollars are needed in this county, it is now.

The immediate objectives of the B.C.E.D.C. are very specific—to increase the year 'round payroll, to expand our local industrial and commercial activity through acquiring defense orders, and to attract such new investments as may be desirable for the community.

How is our permanent population going to support itself in summer if men are put out of employment through lack of materials normally used in their trades? Another vital question is: How long can a man sustain himself while waiting for new work?

The B.C.E.D.C. has been concentrating upon this situation; it has made intimate contacts with Washington and with many procurement offices throughout the country. It has already assisted in the placing of orders for government work in the county. It has secured invitations to bid on such items as patrol vessels, sleeping bags, duffel bags and electronic devices. It has served as prime instigator in organization of Industrial Association of Broward County and Broward Industries, Inc., both of which have succeeded in handling defense business in the county and are rapidly increasing their ability and success in that direction.

Since July 1, the Federal Government has resumed a tremendous purchasing program and, with proper planning Broward County should succeed in securing valuable defense orders.

Members of this commission include:

(Continued on Page 3)

No immediate action will be taken by the Village Council on the water supply question which has been before this body for the last few months, until the annexation election of August 7th results are known.

This was determined at a meeting of the Council held last Friday night in Village Hall. The annexation election pertains to Highland Estates and other areas. The Council has given a tremendous amount of preliminary study to the water supply question and have delved into various problems which they have been confronted with in trying to work out the most feasible and economical plan for the Village.

A formal inquiry will be made to Fort Lauderdale as to what that municipality would charge the Village for supplying water to Wilton Manors. This inquiry would not be binding to the Council other than supplying additional concrete costs to the committee in furthering their report. The water committee consisting of President of the Council, and committee members Broliar and Chabot together with Engineer Davis are also carrying on a survey of lands where test wells may be driven for suitable water supply.

The Council will hold a special meeting, following the August 7th annexation election when all of the phases of the water problem will be

REVIEW OF QUESTION

At a regular meeting of the Council, held on May 18th, Engineer Davis presented a plan whereby the Village could install, maintain, own and service a water system for the present 300 homes in the Village for an approximate cost of \$60,000. At the same time, the Engineer presented a complete or so called objective plan that would serve all the property of the Village for \$88,000.

It was pointed out in this report by the Engineer, that while it was desirable to install a complete system, this approach was expensive because there may not be returns from the investment on parts of the complete system for many years to come. Mr. Davis felt that at this time the initial installation would be limited to areas that would make immediate connections and the cost would be kept at the minimum of \$60,000. Water could be sold the users at a monthly charge of \$2.75 for 5,000 gallons minimum and this charge may be possibly reduced as more connections were made.

Mr. Davis bases this cost to the individual user on the assumption that water could be purchased from Fort Lauderdale, on the wholesale basis, at the rate of 25 cents per thousand gallons.

MAYOR TURNER

At this meeting of May 18th, Mayor Dave Turner was present and spoke in favor of the Village owning their own distribution system. The Mayor pointed out that owning our system, we could give water and expand installations as needed. In the future he explained that it would be possible to own our water plant for it would only be a short time before there would be 2,000 users.

The Engineer, at this meeting, when questioned on this phase of the problem, stated that water could be pumped, treated and softened and the system maintained at a cost of production of about seven cents per 1,000 gallons.

THE PASTOR'S STUDY

By Rev. Russell D. Toms
Covenant Presbyterian Church

"Whether therefore ye eat, or drink, or whatsoever ye do, do all to the glory of God."—I Cor. 10:31.

Man's chief and highest end is to glorify God and to enjoy him forever. So many of us fail to glorify God as we ought to do, and so many of us do not enjoy God to the full extent we should.

Our text exhorts us to do all to the glory of God. What is meant by the "Glory of God.55 To glorify God is to give unto Him the honor which is most certainly due Him.

To do all to the glory of God does not mean necessarily that all our actions are to be great heroic actions. Simple tasks coming out of true Christian love for God and our neighbors can be and are used to the glory of God.

Boy Scouts Return From Snapper Creek

Scouts of Troop No. 123 returned Sunday from their camping at Snapper creek. All of the boys, in spite of much rainy weather, had a swell time and gained wonderful experience.

The Scouts will be after their collection of waste paper again shortly. Among the Scouts returning were Flavel Roberts, Jim Rowe, Gordon Sanderson, Dave Hartman, Tom McElhattan, Terry Lane and Tommy Hinds, Jr.

A number of boys won additional credits toward merit badges. Jim Rowe won two certificates for his work on the rifle range. Tommy Hinds won the underwater swim.

At the last meeting of the Scouts, the troop was re-registered for their new charter. The troop committee of the Civic Association, who sponsor the troop, consists of Bill Miller, chairman; Bob Newton, Mr. McElhattan, Dudley Collier and Gene Guffy.

The Scouts would appreciate it if the people of the Village would drop off their paper in the box for that purpose which is located at Manor Market. Corrugated cartons are especially welcome.

SUCCESS

Success is speaking words of praise In cheering other people's ways. In doing just the best you can With every task and every plan It's silence when your speech would hurt, Politeness when your neighbor's curt. It's deafness when the scandal flows, And sympathy with other's woes. It's loyalty when duty calls, It's courage when disaster falls. It's patience when the hours are long, It's found in laughter and in song, It's the silent time of prayer, In happiness and in despair, In all of life, and nothing less, We find the thing we call success. —Anon.

Early History Of Wilton Manors - Early Developers

By Norman Malcolm

(Continued from Last Week)

Inquiring for the oldest house now standing in the village we were directed to one standing at the corner of Old Dixie and Mahanna Road, now owned by C. H. Hutchinson. Here, we were told, a man named Johnson farmed and kept a dairy for many years so we posted off in search of him. Found him tending bridge on New River. Now become "Uncle Billy," he appeared tall, weathered but well preserved and amiable. Said he came here in 1908 from Fort Orange. He worked for the railroad there. It was known as The Jacksonville, St. Augustine, Halifax and Indian River R. R. He was a telegrapher and after coming here and locating his farm he was, off and on, employed by the railroad. It seems telegraphers were still scarce in these parts in those days.

He built his house, a commodious two-story structure around 1912-15 with the aid of his uncle who was a carpenter. Floors are 3-inch Dade pine. The roof is asphalt slate surfaced and over that galvanized corrugated iron. The house has withstood many a storm but stands unaltered today with the original roof. Mr. Hutchinson says it never has leaked. We are inclined to believe that Uncle Billy's uncle was really a carpenter. In early days the comparatively high land between the forks of the Middle River was covered with a fine stand of pine. Portable sawmills logged off the largest trees. Present pines range up to 2 feet in diameter and when one of our neighbors removed a large one to make room for his house we obtained a 6-inch section of the trunk for a bird-feeding platform and counting the rings found it to have been about 225 years old.

Uncle Billy bought part of his farm from Oliver and sold out to E. J. Willingham in 1924, and there begins the story of Wilton Manors proper.

The names Wilton Manors and Willingham have been synonymous for so many years that we thought a little information about Willingham would be interesting to present residents. He came here from Byron, a small town near Macon, Ga. about 1922. Resided first at Pompano where he bought and developed a plot of land just south of Hillsborough Inlet including that on which was built by Jelks The Wahoo Inn now occupied by Dr. Carlson's School for Spastics.

Willingham next appears as the developer of Lauderdale Beach in 1923. Having that well under way he acquired the ground and platted Wilton Manors, Unit No. 1, in 1925. His judgment in the selection of the property was well confirmed in 1947 since none of these locations suffered from flood waters.

It may be mere coincidence but it is a fair inference that Willingham, owner of lands on both sides of the Waterway, had some influence in the construction of Ocean Boulevard on the beach and installation of a bridge at the waterway. We are informed by County Engineer Davis, who is an authority about such improvements since 1912 that the present bridge was placed in position in 1926. It was moved up from Las Olas Boulevard having been erected there in 1917.

The plat of Unit No. 1 showed but did not include the land lying along the north side of the South Fork although it apparently was owned by Willingham. He resided in the present Richardson house, having remodeled a smaller one on the site into the present commodious residence. It is interesting to speculate on the dense clump of beautiful royal palms in full maturity now standing between the house and the river. Who planted them? And why were they left to mature in the nursery instead of being set out to grace Wilton

AUNT CINTHY SAYS:

Clem Albright took his family up north for a change and a rest, but the bell boys got the change, and the hotels got the rest.

"Boys flying kites
Haul in their white-winged birds,
But you can't do that
When you're flying words.

Thoughts unexpressed
Oft times fell beck dead,
But God, Himself, can't change
them
Once they're said."—Anon.

POMPANO BEACH NEWS

Mrs. E. M. Rosecrans and daughter, Tena, are visiting her mother at Milan, Ind.

Mrs. Grace Odum has returned from a vacation spent in Colorado, Nebraska and Salt Lake City, Utah. En route home she stopped at Hot Springs, Ark., for a visit with her sister and visited her son, Frank Carson, in Atlanta.

Mrs. Grady Singleton honored her daughter, Glinda, with a party Monday. The occasion was Glinda's second birthday. Invited were Carlene and Linda Gail Johnson, Eric Hogan, Sherry Johnson, Nancy Kerchival, Bobby Chapman, Gay and Darlene Eastland, Jessica McLean, Carol and Pat Twitty, Janell Wheeler and Cindy Singleton.

Mr. and Mrs. Dave Gann, who recently returned from a vacation at Selma, Ala., were accompanied home by their daughter, Mrs. Clyde Hopkins, and their grandsons, David and Ricky Hopkins.

Mr. and Mrs. Henry Lee and children, Joe, Alice, Henrietta and Edna Earle, are vacationing at White Springs.

Mr. and Mrs. G. B. Hogan and daughter, Joan, left recently for a vacation in North Carolina.

Mrs. Mallie Mell, a recent guest of Mr. and Mrs. Ralph Twitty, has returned to her home in Albany, Ga. Mrs. Louisa Edgemom, also of Albany and a sister of Mrs. Mell, remained for a longer visit with the Twittys.

Mr. and Mrs. Verda Wall left Sunday for Pittsburgh where Mrs. Wall will spend several months with her mother. Mr. Wall will return to Pompano Beach after a two-week vacation.

Mr. and Mrs. Lee Roy Williams and children, Wadus, Imogene, Lee Roy, Jr. and Bobby, have returned from a visit with relatives in Lyons, Ga.

Mr. and Mrs. Sam Aldridge have as their guests her niece, Miss Florida Wall and Miss Judy Steed of Fort Royal, Va.

Mrs. Jack Keenan and children, Betty Lou and Tommy, have returned from a month's vacation.

Mr. and Mrs. Sam Aldridge and daughter have returned from a vacation spent in Michigan, Ohio and Front Royal, Va.

Mrs. R. E. Colson has returned from a visit at Plant City.

Mr. and Mrs. A. A. Osteen left for their summer home near Hendersonville, N. C.

W. L. Kester, president of the Farmer's Bank of Pompano, has been confined to his home.

Congratulations are in order for George Banks and Russell Davis for a perfect attendance record in attending Lions Club meetings for the past five years. "Five-year" pins were awarded.

After having been postal clerk at the local postoffice for five years, Derry Hall has left his government position to become affiliated with a seed store in Hallandale. Hall served three years in the Army before going to his post office position.

September will be the starting time for the improvement of the beach area. Already the city has appropriated \$10,000 for the coming year to begin this development. However, revenue certificates to purchase the property must be validated in Circuit Court the first week in August.

City Manager H. P. Edmond has outlined several suggestions on improvements which will be presented to the City Commissioners for their approval.

Pompano Lions Club For Teacher Raise

If the Lions Club of Pompano Beach have their way, the teachers of Florida will be given a raise in salaries. A resolution was forwarded to Governor Fuller Warren asking that a special session of the State Legislature be called, according to the Lions' request "to adjust the pay of the teachers of the State of Florida on such equitable basis to bring it in line with the cost of living."

The failure of the state legislature to raise salaries was chiefly due to the short time that the legislature had to work, the resolution written by president Bart E. Sullivan, said.

A great majority of the members of the legislature have indicated they favor a special session the resolution further says.

"The county school superintendents of the state passed a resolution favoring a special session," reads the request signed by Sullivan and attested by Byron Gordon, club secretary.

Commission Analyzes—

(Continued from Page 1)

D. D. Freeman, president; Fort Lauderdale.

Carl S. Cook, vice president; Hollywood.

Roland Hardy, secretary, Pompano Beach.

Dudley B. Rawls, treasurer; Fort Lauderdale.

Rex Bessett, Jr., Fort Lauderdale, O. M. Dunton, Wilton Manors, Harry A. Earle, Davie, Karl B. Fife, Lauderdale-by-the-Sea.

C. G. Hamilton, Pompano Beach, Nelse S. Knudsen, Hollywood, J. W. Moffitt, Jr., Hallandale, A. J. Ryan, Dania, G. F. Woltman, Deerfield.

These men thoroughly represent the various parts of the county. It is strongly urged that everyone interested in defense orders, or other promising developments, whether directly or indirectly, contact them for assistance or advice. The B.C.E.D.C. office is in the County Courthouse at Fort Lauderdale; telephone 2-3814.

The work of this commission should be maintained under county control for best coordination of all concerned, and the referendum coming before the people is to authorize the county commissioners to continue the work as a legally constituted division of county activity. Additional taxes are not stipulated at this time, but it is provided that if they should be needed in the future, the county may assess for them but not to exceed three-tenths of a mill—truly an insignificant sum when it is realized that the most valuable and important phase of the work depends upon the time and counsel of such capable and exceedingly busy men. None of them receives a cent of compensation. County prosperity is their only objective.

The B.C.E.D.C. is a non-profit corporation, the purpose of which is set forth in its charter as follows:

"The general nature of its activity and objectives shall be to secure and disseminate information, to advise, counsel and assist in developing the natural resources and latent possibilities within Broward County; to promote trade and advance generally the commercial, industrial, farming, and tourist interests of the county on a

year-round basis; to create and foster among its citizens a spirit of harmony, good will and enterprise; to coordinate those efforts which will enhance the development of Broward County and make it a better and more prosperous place in which to live."

For more than a year these ideas have been developed to limit of the facilities available. Results have been exceedingly good and we shall now have the opportunity of competing with other counties which have been using these well recognized methods for years.

The necessity for a referendum in matters of this kind is a prerequisite of democracy. History has long pointed out that lack of referendum breeds despots. The act would not have been passed by the State Legislature unless a referendum had been provided for; it became a legal requirement entirely independent of any action by B.C.E.D.C. or the Broward County Board of Commissioners. You do not have a referendum under dictators.

Every citizen should appreciate how fortunate we are to have a band of public spirited men grouped together for serving the county in the face of war distress. They operate as a public body under the Board of County Commissioners, and answerable directly to them.

"YOUR EYES"

From Dr. S. L. Norman, Sunset Theater Building, comes a very interesting little publication called "YOUR EYES." We noted among other items of interest, an answer to a question which has puzzled many of us. A great many people ask what the difference is between an optometrist, an oculist and an optician. Dr. Norman gives us the following information.

An OCCULIST is a doctor who treats diseases of the eye. He also examines the refractive power of the eyes, but he is more concerned with eye-diseases and eye surgery.

An OPTICIAN is concerned with the grinding of lenses, and with the manufacture and sale of eyeglass frames, optical instruments and the like.

An OPTOMETRIST has the degree O. D. (Doctor of Optometry). He examines and measures the refractive power of the eyes; and by the use of scientifically ground lenses he corrects astigmatism, farsightedness, nearsightedness, and many other types of troubles that cause visual disturbance and discomfort.

We pass on this information to you hoping it will clear up a question for you as it did for us. Thanks to Dr. Norman.

Poet's Corner

We have added a poet's corner to the Bulletin. As publisher and manager, we are happy to say the name Blanche Weidmuller has been added to the Editorial Staff. Your comments and poetry contributions are welcome. Perhaps there is some well-known poem you would like published here. Perhaps there is something of your own you would like to submit for editorial approval and publication. Address them to Mrs. Weidmuller, Wilton Manors Bulletin, 11 Wall St., Fort Lauderdale.

Poets are never lonely because they are always attuned to the scenes and sounds around them. They commune with Nature and walk with God. They find society among their fellowmen even if they do no more than pass each other on a busy street. They feel the contact and their imaginations create fellowship with the passing strangers.

A kitten's mew or a dog's wagging tail invites the muse to poetize. And the squeaky creak of an old porch swing will bring up memories of by-gone days.

SWEETHEART SWING
Its gentle motion to and fro
Invites forgetful peace,
And pushes back the present woe,
And makes our worries cease.

It brings again the lovely past
So neatly laid away;
And all the loves that couldn't last
Beyond their little day.

It moves like memory's caravan,
This smoothly gliding thing;
In fact there's nothing gayer
Than a glad some sweetheart
swing. —B.W.

NEWSY NOTES

(Continued from Page 1)

at an informal gathering at their home.

Miskell's Supermarket, formerly Saxon's, is headquarters for Bell Bakeries Birthday cakes and will present a beautiful cake to Annie Bess Dew on her 19th birthday, July 26th. These cakes are presented to those who register at Miskell's and whose birthday falls on the publication dates of The Bulletin July 26th, August 2nd. Just register at Miskell's and get your cake free.

Miss Hattie Dew was the winner of the gift basket presented my Miskell's Market last week for having The Bulletin with the ad marked "gift." Folks, watch your "gift" ads.

Mrs. Florence Bassett of 352 N. E. First St., Oakland Park, caught a 3 1/2-pound snook fishing off Las Olas bridge the other day and after a 20-minute struggle landed it by herself.

The Bassetts come from Cleveland, Ohio.

Mr. and Mrs. Oliver V. Mahan have moved into their new home at 2501 N. E. Seventh Ave. The Mahans come from Chatham, N. J.

Tim and Sharon Shelby are visiting relatives in Herrin, Ill. and will be back about September 1. They are the children of Mr. and Mrs. Lavern Shelby.

Noticed that Ole Bill's has placed another large wall fan in his place of business. It sure does a good job in keeping his place cool and comfortable.

VILLAGE COUNCIL—

(Continued from Page 1)

REPORT OF APRIL 27th WATER MEETING

In a preliminary survey presented by Engineer Davis at the Council meeting of April 27th it was pointed out that the water system under discussion at this time would run between \$62,000 and \$72,000. Under this plan the system would be installed, maintained and serviced by Fort Lauderdale. It was pointed out that water would be sold to the users at a minimum cost of \$3.00 monthly for a 5,000 gallon usage.

The water question was brought to the fore as the result of a house to house canvass in the Village, as to the reaction of the home owners in having city water. The canvass showed that the residents were predominantly in favor of having city water installed—hence the various plans now up for study.

Terry Suggests Short Hair for that Limeade Look

With steam on the hot pavements and no way to get cool, many a woman looks wistfully at the male sex with a short hair cut. Well ladies, you can be in style too, because the style in Florida is anything to be comfortable. TERRY BEAUTY SALON suggests a nice short trim that will take the damp hair right off your neck. It's not necessary to have a permanent because with a short cut your hair looks neat and attractive just waving slightly.

However, if you are going on a trip, be sure to get a permanent or cold wave. Meetings with old friends and relatives are pure fun when you are proud of your crowning glory.

If you prefer long hair throughout the year (the style will definitely be longer in fall) then braid it up into a coronet or keep it back from your face. Pulled back with perky bows or seashell combs, you're sure to look fresh and pretty. The horsetail is still in style and most becoming to women with regular features. This is lifting it up from the neck and pulling it straight back or waved somewhat around the face.

At any rate, try to look your prettiest and coolest and use as many new twists as you can think of, to be original and different.

WHICH ARE YOU?

There are two kinds of people on earth today—
Just two kinds of people, no more,
I say.

Not the sinner and saint, for 'tis well understood
That the good are half bad, and the bad are half good.

Not the rich and the poor, for to count a man's wealth
You must first know the state of his conscience and health.

Not the humble and proud, for in life's little span,
Who puts on vain airs is not counted a man.

Not the happy and sad, for the swift flying years
Bring each man his laughter and each man his tears.

No, the two kinds of people on earth that I mean
Are the people who lift and the people who lean.

Wherever you go you will find the world's masses
Are always divided in just these two classes.

And oddly enough, you will find, too, I ween,
There is only one lifter to twenty who lean.

In what class are you? Are you easing the load
Of the overtaxed lifters who toil down the road?

Or are you a leaner, who lets others bear
Your portion of labour and worry and care? —Anon.

HOROSCOPE FOR JULY AND AUGUST

In all of us there is a love for the mystic and strange. Therefore, we felt that it might be of interest to you to see what the astrologers predict for the months of July and August.

ARIES (Mar. 21-April 20) Do what is expected of you willingly and you will go far. Don't make an unsure investment or you may be left holding the bag. However, new plans are in evidence, and go full swing into them.

TAURUS (April 21-May 20) Do not let small annoyances slow up things you start, be practical and sensible. There is some danger from strangers.

GEMINI (May 21-June 21) Get all work done well and not in a lackadaisical manner. Your intuition is good and judgment quick. A friend may bring the fulfillment of a long-held wish.

CANCER (June 22-July 22) Do not worry or be dejected over things you cannot control. Do volunteer work and cultivate friendships, especially those who can help you in a professional way.

LEO (July 23-August 23) In dramatics and fictional writing you will have great success. Be efficient and gracious. Look forward optimistically and be prudent with cash outlay.

VIRGO (Aug. 24-Sept. 22) Take a short trip and do not worry if you seem to have special psychic powers. Do things with a touch of originality. Work to your capacity. Don't splurge on social functions.

LIBRA (Sept. 23-Oct. 22) Your popularity will be increased because you feel unusually magnetic and cheerful. New sudden developments will bring good and somehow, hidden traits will be uncovered. Service is your keynote.

SCORPIO (Oct. 23-Nov. 22) Opportunities have a chance for increasing. Law, science and travel should open new vistas for the Scorpio horn. Choose your friends carefully and be discriminating. You should be happy.

SAGITTARIUS (Nov. 23-Dec. 21) Beware of flattery and take a new lease on life. Your mind is filled with new revenue-yielding ideas. Pay no attention to complaints and grievances. Free yourself of inhibitions.

CAPRICORN (Dec. 22-Jan. 20) Practical and concrete ideas will come, make use of them. Use tact and discretion. Start a bank account. All things will improve your mind and spirits.

AQUARIUS (Jan. 21-Feb. 19) Regard unexpected happenings as fortunate ones. Make all mental preparation for any event. Develop plans you have made. Do not compromise.

PISCES (Feb. 20-March 20) Let your philosophy guide you. Business is satisfactory. Do not raise objections; it will limit your opportunities. Real estate matters or such will need delicate handling. Work hard.
