### EMERGENCY PHONE NUMBERS

Fire and Police: 2-1411, or blow siren at Village Hall.  
Fire Blow 4 times.  
Police Blow 2 times.

## Propose Cub Scout Troop

A meeting was held Thursday, July 26th attended by Mr. Wellington Hartman, Mr. R. U. Titus and Mrs. Harley Sanderson to discuss and review Cub Scout activities with Mr. John Moyer of Miami. The object of this meeting was to talk over the possibilities of forming a Cub Scout Troop in Wilton Manors. Any parents who may be interested in this activity can get in touch with Messrs. Hartman or Titus, or Mrs. Sanderson. It is expected that a meeting will be called in the very near future to get this troop organized.

### It Pays to Read Ads Weekly Free Gifts

Every week The Bulletin with the cooperation of the advertisers will give away gifts in merchandise. Check your copy of The Bulletin to see if you have the ad with the stamp marked "Gift" and if so bring it to the merchant with the copy of The Bulletin and receive your gift of merchandise.

## NEWSY NOTES

Mrs. G. A. Lumsden, accompanied by her son David, went by plane Sunday to visit her husband's parents, Mr. and Mrs. George Lumsden, Sr., of Pittsburgh, Pa. Mr. Lumsden, Sr., is golf pro at the Greenville Country Club. George Lumsden, Jr., who is in the rock, sand and fill business, will follow in a short time and after a visit will return with his wife and son.

Mrs. Victor Zane of the South Broward High School staff, gave a very interesting talk on "The Gypsy" at the meeting of the Kiwanis Club Tuesday, July 24th. Frank Miller was the presiding officer at the meeting which was held in the Tropical Club.

Mrs. O. W. Cooke, wife of "The Old Master Painter" of 2711 N. E. Sixth Lane is on a visit to Springfield, Illinois. Mrs. Cooke was accompanied by her son, Bill, who visited his parents for two weeks.

The "Red" Barnwells have returned after a two week visit with relatives and friends in Detroit. Their daughter, Barbara, is remaining for a longer visit at Marine City and Sarnia, Ontario, and will attend the Mardi Gras at Marine City. She will be the guest of the Ed Cross's who recently spent a month as guests of Mr. and Mrs. Barnwell. Ed, while here, brought some pretty good size fish.

Paul Smith of the shoe shop was the lucky winner of the beautiful orchid presented every Friday night at the Tropical Club.

Mrs. Alvar Hagen and daughters left for Warren, Ohio, to visit relatives, after which she will journey to Chicago. Mr. Hagen, president of the Council, will leave shortly to join the family.

Mr. and Mrs. Howard Worden of the Tropical Club have relatives from Sault Ste. Marie, Michigan, visiting with them. They include Mrs. John Colby and son, John, Jr., and daughter, Gloriana Colby. In the party also is Mrs. Florence Pappin, mother of Mrs. Worden.

Mrs. Ronnie Worden went back for a visit to Lansing, Michigan, with her father, Mr. Elbert Dickerson.

Dan Chiappa of Tropical Tile spent the week-end at Marathon and the Keys.

### Chief Beaney Warns Air Rifle Users

Police Chief Richard Beaney issues a warning to all those youngsters who have air rifles to stop using them in the Village limits. The Chief reports that he has had some reports from residents that youngsters are violating the Village laws.

## LIONS CLUB SPONSORS BARBECUE SAT. AUG. 4

The Lions Club of Oakland Park has completed preparations for a gigantic barbecue to be held in City Park. The proceeds from which will go toward construction of a Boy Scout hut. The barbecue will consist of ribs and chicken.

The Lions have done a good deal of community work in Oakland Park and some of the projects consist of construction of the City pavilion, refreshment stand and rest rooms. In addition they have built tennis courts, a baseball diamond and basketball court.

President C. B. Maxson points with pride to the record of the Lions and with the help and encouragement of the community the barbecue will be a success. The Lions, in constructing the hut plan to build it in such a manner that it can also serve as a community storm shelter.

The Lions have worked hard for the past four years on community projects and just recently installed lights for night ball games and with their latest project, the Boy Scout hut, are going to depend greatly on the sale of tickets for the barbecue. Tickets will be available, at all local Oakland Park stores at \$1.50 and 75c. Let's all help the Lions help the Boy Scouts.

## BETWEEN YOU AND ME

By Tod

Noticed that Fritz Gerbermann is erecting a new building near his tavern on Dixie Highway in Oakland Park. According to plans there will be three modern stores and in all probability a beauty shop will be one of the occupants. We understand that Fritz just had a birthday.

Have heard some comment from business men in the Village of the need for an additional police officer in the Village. Of course we realize during the winter months the extra officer was on duty. After all Chief Beaney can't be expected to be on duty 24 hours a day.

Robert L. Moore, the jeweler and watch repair man located in Williams Pharmacy reports that he has received splendid results from his advertising in The Bulletin. Thanks to you Bob and to you folks who have mentioned the paper to our advertisers.

See where Ernie Oelrich is bowling for Schlitz bowling team and is knocking out a good score. By the way, Ernie is behind the bar at The Lark which is located on Federal Highway in Pompano Beach and will be pleased to see his many friends any night except Thursday when bowling takes preference.

The Village Tavern will be the name of the location at 2157 Wilton Drive. The establishment will be operated by Miles Werner who has been coming to Florida for many years. Mr. Werner hails from Lebanon, Pa., and has made several renovations in his new place of business. His license calls for the dispensing of beer and wines and in addition will serve sandwiches. The Village Tavern will handle draught beer as well as standard brands of bottle beer.

The other day we ran across a fine place where one can have their pictures framed or oil paintings refinished. Mr. H. A. Emig at Tropic Interiors at 1016 N. E. Fourth Ave., is

## ANNEXATION ELECTION TO BE HELD AUGUST 7th

From reports, the annexation election of Highland Estates and other areas, will be passed by the interested voters. The election will be held Tuesday, August 7th. We have talked with several residents of both communities and the concensus seems to be that it would be to the mutual advantage of all concerned for the annexation.

### Elephant Ear Plant Creates Interest

An elephant ear plant which produces a yellow spike similar to a calla lily at the home of Mr. and Mrs. H. K. Chelseth of 801 N. E. 22nd St., is attracting many visitors to their grounds.

The plant is about one year old and is potted, the stalks of which are about five feet high with tremendous leaves. Mrs. Chelseth has contacted several florists and nurserymen in the area who have told her that it is unusual and they cannot account for the flowering plant.

The plant has had its second set of blooms, consisting of five spikes. The spike starts out in a light green shade and turns to a light yellow lasting about three days, before it dies.

What makes this plant unusual is the fact that the Chelseths have many others of the same type, none of which produce the spike like calla lily.

Mrs. Chelseth also has talked with many of her neighbors who have elephant ear plants, none of whom have any spike like flowers producing.

The writer in investigating talked with James Bloom of Bloom's Nursery, 1329 N. E. Seventh Avenue and was informed that the plant is known as Caladium Esculentum (Variety Gigantea) and stated that they have several of this blooming type at his nursery. He attributed the blooming of the plant to the fact that in all probability it was being well fertilized.

### Byrley Advises On Social Security

Self-employed persons were reminded today by Paul L. Byrley, manager of the Fort Lauderdale office of the Social Security Administration that coverage under the new law is mandatory and not voluntary.

"We believe," he said, "that the opinion that coverage is elective has gained currency here. While it is true that certain professionals are excluded from coverage, the exclusion is by law and not by choice."

Byrley pointed out that self-employed men and women who are not excluded by law, will have to report their 1951 "net earnings" for social security purposes on their income tax returns next March. The Social Security tax will be paid at the same time.

In the meantime, those businessmen and women who are now covered for the first time under social security should get social security numbers if they have never done so.

Anyone whose net earnings from self-employment are \$400 or more in a taxable year is "covered" under the new law, unless the earnings are derived from the operation of a farm or the practice of an excluded profession. Among those excluded are doctors, dentists, veterinarians, full-time practicing public accountants, professional engineers.

Booklets listing all of the excluded professions can be obtained without cost from the local social security office, 125 S. E. First St., Fort Lauderdale.

Polls will be open from 7 a. m. to 7 p. m. both at the Village Hall and the Highland Estates Civic Building. The ordinance calls for the fact that such annexation must be passed by a two-thirds majority of the registered voters actually voting at such election in said district and said town.

The question of annexation was first advanced by a group from Highland Estates who presented at the May Council meeting a signed petition with 149 signatures affixed favoring such a move. At the present time there are about 110 families in Highland Estates with a population of about 350.

The description of the area involved is as follows:

Beginning at a point on so-called North Andrews Avenue Extension at its intersection with the South boundary of the right-of-way of 26th street, running North along the East boundary line of the right-of-way of North Andrews Avenue Extension, to the South bank of the North fork of Middle River; thence Easterly along the South bank of North fork of Middle River to a point where the said fork meets the Western boundary of the right-of-way of the Florida East Coast Railway; thence along the Western boundary line of the right-of-way of the Florida East Coast Railway to a point where the existing Northern boundary line of the Village of Wilton Manors exists; thence in a Westerly direction in a line coinciding with the present Northern boundary line of the existing limits of the Village of Wilton Manors to the point of beginning, said land lying contiguous thereto, being in the same county; excepting and reserving there-out and therefrom the following parcel tract of land so commencing at the Southwest corner of Government lot 3 on the South line of government lot 3 in section 26, Township 49, South, Range 42 East at a point 1,409.45 feet East of said Southwest corner and 25 feet North thereof, the point of beginning; thence along a line parallel to the South line of Government lot aforesaid and 25 feet North thereto to a point where said parallel line intersects the Western boundary of the right-of-way of the Florida East Coast Railway; thence north along a line contiguous and coincidental with the Western boundary of the right-of-way of the Florida East Coast Railway to the South bank of the North fork of Middle River; thence in a westerly direction following the South bank of said North fork of Middle River to a point where the Eastern boundary of Highland Estates, a subdivision recorded in Plat Book 15, page 65 of the public records of Broward County, Florida, touches said South bank of the North fork of Middle River; thence South along the Eastern boundary line of said Highland Estates subdivision aforesaid to a point 510 feet North of the South line of said Government Lot 3 aforesaid; thence East 86.75 feet to a point; thence South in a line parallel to the Eastern boundary of Highland Estates subdivision aforesaid to the point of beginning, said land lying contiguous and being within the same county as the Village of Wilton Manors.

GET RESULTS — PHONE 2-3976

had told Jesus to speak the word only and his servant would be healed. It was a faith that caused surprise. This soldier expressed a simple, straightforward faith in the power of God. Faith is the primary demand of the Christian Religion.

Before Christ can do anything for us we must come in Faith. The Life, the Death, and the Resurrection of our Lord Jesus Christ are objects of True Christian Faith. These reveal God and ask me to believe that He is Love. They also reveal me, and ask me to believe that I am a sinner and subject to the Wrath of God. They further reveal the glory and grace of Jesus as God's Son and only Saviour.

Conversion is Faith in the Word of God. Jesus Christ is that Word. "God has given to us eternal life, and this life is in His Son." Faith is the link God has appointed to attach us to himself for Salvation and Strength in the Christian life. Christ said to the centurion, "As thou hast believed; so be it done." According to thy faith be it done unto thee, is a general measure of God's dealing with mankind. In other words, little faith, little accomplished, great faith, great things accomplished.

The elders and deacons of Covenant Presbyterian Church will hold a joint meeting Saturday, August 4.

The Rev. Armando Rodriguez, pastor of Blackshear, Georgia, Presbyterian Church and Mrs. Rodriguez have been guests of the Rev. and Mrs. Russell D. Toms.

The Women of The Church meet the 2nd and 4th Wednesday at 8 o'clock at the church. The Men's Club meets each third Monday at Highland Estates Civic Building.

**Early History Of Wilton Manors - Early Developers**

By Norman Malcolm

(Continued from Last Week)

From present Lazy Lake came rock for construction. Wilton Manors was an ambitious project for a high grade subdivision. Wilton Drive, 90 feet wide, was improved with paving, sidewalks and light standards to be the axis of the residential district. Emphasis was placed upon the northeast corner at the intersection of the Drive with Old Dixie Block 69, adjacent to the F.E.C. R.R. was reserved for business to be improved with two-story buildings only. Sidewalks on Old Dixie were 10 feet wide.

The entrance to the residence district was made impressive with two crenulated towers. But they were not just false fronts of stucco on lath as were so many similar structures which decayed and fell apart in succeeding years to become, as many such did, chastly reminders of disappointed hopes and lost investments. These towers were built for keeps and still stand today as well as when erected, without crack or settlement. They had concrete foundations and belt courses at each story with steel reinforcement as though built under today's building code. They were, and still are, beautiful with decorative inserts of coquina rock, and, after the fashion of the famous architect, Addison Mizner, were given face relief. Between the towers a cable was strung to display a Welcome to Wilton Manors banner. The south tower had stairways to the upper floors and we are told that prospective purchasers were taken to the roof and shown the world at their feet. This tower and the block on which it stands were acquired some years ago by Merle D. Mace. After completion of his own handsome residence the tower with additions was converted into an unique and convenient residence while still preserving the original design.

It is said the name Wilton was selected to perpetuate a branch of the Willingham ancestry in England of which he was very proud. In order to be a credit to that name The Manors was restricted to Caucasians and the improvements were to be of non-combustible material. Residences on Wilton Drive were to cost not less than \$8,500, on Dixie Highway \$7,000 and all others in proportion. Indian names were given to all streets except present 26th St. which was called Prospect Road. The restrictions were to run for 20 years or until 1946. Lots were sold at high prices. Wilton Drive lots near the towers sold for \$7,000, on Iroquois, now 23rd St. for \$3,000.

The first new home in the new sub-division was erected by Mr. Hiasen et or near Choctaw and Ludowici, now owned and occupied by Mr. Sandler. E. J. Willingham, Jr. erected the house nearest to the towers and it was the real estate office of the project. About 8 residences were erected, 4 being on Iroquois, and all but one being of adapted Mediterranean design.

Matters were progressing happily toward fulfilment of Willingham's plans to make Wilton Manors a credit to the family name, a place of distinction as a select locality, and to augment his considerable capital. Then, suddenly came disaster! The hurricane of 1926. All activity ceased, here and everywhere in Florida. That wind blew away all plans and hopes,

including, it is said, some \$3,000,000 of Mr. Willingham's investment. But misfortunes seldom come singly. He returned to Byron where his wife died in January 1928 and he followed her two months later.

The Willingham Estate carried on for nearly 20 years, administered by the son. Seldom has extended inquiry been made among so many people about a man engaged as Willingham was without some unkind criticism but your investigator encountered nothing but praise for the founder of Wilton Manors. Mayor Turner, who knew Willingham well said the latter always carried his check book along and paid on the spot. When the collapse came nobody suffered by Willingham defaults since there were none. Mr. Hiasen characterized him as "One of God's noblemen."

Men who design ocean liners have a special interest in fireproofing ideas, because a safe ship is one thing they all want. The architect of the biggest ship ever built in this country, the fabulous new "United States" which will be ready for its trial run this fall, is a real fanatic on safety . . . the only wood he's allowing on board the "United States" is the grand piano in the ballroom and the wood in the butcher's chopping block! Even the paint on board is fireproof. The "United States" is going to be the world's fastest as well as safest ship, according to its designers.

### POMPANO BEACH NEWS

A survey is being conducted by W. I. Farmer, postal inspector from Miami, to determine whether additional postal service and facilities are needed in Pompano Beach. T. J. Noble, superintendent of the local office, stated that the Postal Inspector will present his recommendations to the authorities at Washington and then it will be up to them to decide what is needed.

Recently Rep. Dwight L. Rogers, in reply to a query from the Chamber of Commerce, wrote that Congress has not appropriated funds for post office buildings since the end of the war and added that Pompano Beach is on the eligible list for a new post office in the amount of \$150,000. According to the Congressman no new building

can be done until Congress appropriates funds.

See that Pompano Plumbing Gas and Electric Appliance Co., has moved into their new building at 16 N. E. First St., directly across the street from their old location. The new store will give them larger quarters and also provides a greater parking space for their customers. Their new phone number is 9351.

Miss Effie Power, who resigned her position as City Librarian June 30th, was commended for the splendid work which she has contributed to the City, by the passage of a special resolution by the City Commission.

W. K. McLean, in making the motion to pass the resolution, stated it was through her efforts that the new library will be made possible.

G. T. Hull, Sr., in presenting another resolution which was passed commended the entire library board for the fine report and excellent handling of the matters including the selection of the new librarian, Miss Josephine Peabody.

It is expected that more than 350 boys and girls will register at the Vacation Bible School which will begin at the First Baptist Church Saturday, August 4th. Daisy Herndon is secretary in charge of registrations.

Rev. J. T. Mashburn, pastor, who has been away on vacation, will act as Superintendent of the school. The Junior department will be supervised by Mrs. Mashburn. Mrs. Lewis Yarbrough will be in charge of the nursery for worker's children while Mrs. David Ganns will supervise the junior department. Other supervisors will be appointed to take care of the beginners and primary departments.

The Broward Concert Orchestra will present three concerts, free of charge to the public during the coming season. The orchestra is under the direction of Wallace Robinson who has been a concert director for many years.

An appropriation of \$1,000 at the request of Commissioner G. T. Hull, Sr., was made by the City Commissioners for this civic entertainment.

Mr. Hull stated that it was a splendid idea for the City to sponsor an event of this kind as it created good community spirit.

All of those responsible for this movement are to be congratulated for it is projects of this nature which create better publicity for the community which will ultimately reflect in the continued growth and progress of Pompano Beach.

A new business worthy of attention is this area is the Fernandez Plumbing and Heating contractors located at 127 North Dixie Highway. The business is operated by Frank Fernandez who was formerly with the Mautz Plumbing Co. of Fort Lauderdale. Mr. Fernandez not only handles new work but is able to give prompt and reasonable service on repairs. We learned that Frank Fernandez in his spare time likes to go fishing.

According to F. J. Moran of Palm Venetian Blind Co. of 2024 Atlantic Boulevard, now is the time to check the home for Venetian blinds, jalousies, etc. The Palm Venetian Blind Co. are manufacturers of aluminum and wood blinds, glass and aluminum jalousies and cornices. They also specialize in renovating Venetian blinds. Mr. Moran has been at the present location about two months, coming from Westchester, Illinois. He lives at 900 Atlantic Blvd. with his wife, Bernice, and four-year-old daughter, Gayle.

Mr. and Mrs. Ernest Coble, Jr., flew down from Uniontown, S. C., to visit Mr. and Mrs. J. B. Rouse of the Sit 'N' Sip Cocktail Lounge. They were accompanied by their year-old son, Larry. The grandparents sure got a big kick out of having young "Butch" about the home. The Cobles returned home by plane.

Mr. and Mrs. J. H. Robertson and Mrs. J. B. Rouse were over to Lake Okeechobee for a two-day fishing trip and caught the limit. Some mighty fine beauties were taken by the party and fish will predominate on their dinner menu.

Plans to beautify that section of land in the heart of Pompano Beach lying adjacent to the Florida East Coast Railway are being formulated by members of the Garden Club.

Through the cooperation of the City, A. L. Brown will provide shrubbery and George Schroeder, who has consented to donate soil, this section will enhance the beauty of the City and create a more favorable impression of Pompano Beach.

Mrs. T. J. Walton, chairman of the committee, stated that photographs will be taken of the section before landscaping and after the work is completed. The pictures will be submitted in a nationwide contest. Mrs. Walton is assisted by Mrs. Gordon Green, Mrs. Ida Flowers and Mrs. C. E. Smith.

The Garden Club and all those cooperating in this worthwhile project are to be commended for their civic spirit.

Police Chief Frank Tuppen has made recommendations that the road surrounding the Farmers Market be made a "one way street." Chief Tuppen has obtained approval from the City Commissioners pending the approval of J. L. Warren, the market manager. The situation will be checked and if found agreeable to all concerned a request will then be made to the State to make the change.

### NO PROTEST FILED ON POMPANO BUDGET

The public hearing held Tuesday, July 24th on the adoption of the 1951-52 operating budget was adopted without any protests being submitted. A 10 mill tax rate was adopted.

Besides the 10 mill assessment for operating expenses, owners of property will pay one and two mills toward reducing of debt service.

Those freeholders living east of N. E. 13th Avenue, who assumed \$75,000 of debts which were incurred by Pompano at the time Pompano and Pompano Beach were consolidated will pay one mill toward debt service. Those living west of the dividing line will pay two mills.

The expenditures anticipated for the year figured \$299,817. This is an increase of \$21,248 over actual expenditures during 1950-1951.

Anticipated revenue was set at \$318,902 as compared to \$296,018.

The City Commissioners and City manager Edmond, all of whom have worked unceasingly on the budget in keeping expenditures at a minimum although Pompano Beach is growing, should feel well rewarded for their efforts when it is considered that no protests were filed. This certainly should be considered as a vote of confidence.

Poet's Corner

Blanche Weidmuller, former Society Editor of the Fort Lauderdale Daily News, is conducting a "Poet's Corner" in The Bulletin. Mrs. Weidmuller has had poems published in the "Florida Magazine of Verse," "The Florida Clubwoman," and the "Augustana Book Concern." She was poet laureate of the Florida Federation of Business and Professional Woman's Club.

"Well-kept orange groves are things of beauty. During my travels through Florida I have seen many. Sometimes

at the time of blooming when the air was fragrant from the scent of orange blossoms. Sometimes when the golden fruit hung heavy waiting to be plucked. And sometimes when there were neither fruit nor flowers but only the trees in their lush green foliage. But at all times they added enchantment to the Florida scene.

From a ridge I looked down upon a grove that was a delight to the eye. It showed such care and attention to detail. I describe it here as it looked to me."

ORANGE GROVE

Viewed from afar it's like a stage, With a backdrop of tall green pines; The orange trees, like ballet girls On tip-toe and in even lines, Seem waiting to begin a dance Of gay and intricate designs.

—B. W.

Woman's Club Holds Luncheon

The Woman's Club of Wilton Manors had a covered dish luncheon at the Village Hall, Tuesday, July 24th. After a 30-minute business discussion of a coming bazaar to be held in January, cards were played. Hostesses were Mrs. C. G. Milligan and Mrs. Perry Nichols.

Guests were Mrs. George A. Burton, Sr., Mrs. Margaret Tamburrino, Mrs. Marsha Caro, Mrs. W. H. Price and Mrs. Janet Hartman.

The next meeting of the Club, which will be a social brunch, will be held August 21, 1951, 9:30 A. M. at the home of Mrs. Robert Newton.

Officers and members of the club are Mrs. Maby Thomas, president; Mrs. Clayton Leaver; Mrs. Ethel Gallup, Mrs. Z. H. Pilcher, Sr., Mrs. Robert Newton, Mrs. W. P. Hartman, Mrs. James L. Bell, Mrs. V. E. Jones, Mrs. Ray Coleman, Mrs. R. Milliman, Mrs. Leslie Stafford, Mrs. J. A. Boyd and Mrs. Edward Weseloh.

Area Police Chiefs Attend Convention

Chief Richard Beane together with Chief John Barnhill of Oakland Park and Chief George Garland of Lauderdale-by-the-Sea attended the annual convention of the Florida Peace Officer's Association held at the Biscayne Hotel on Wednesday, July 25th.

Following the meetings, at which new methods of police procedure were discussed, a fish fry was enjoyed by the peace officers.

AUNT CINTHY SAYS:

By Mabel Strong

The man who wears out the seat of his pants before he does the soles of his shoes is making too many contacts in the wrong places.

\*\*\*

When you pull on the oars you get somewhere, And the floor of your boat you lift, And it cuts through the tide and the foam and the air; When you rest on your oars, you drift.

As long as you struggle you rise and climb Up the ruggedest mountainside, And you'll reach where you're going somewhere, sometime, But when you stop climbing, you slide.

As long as you're trying, you're going ahead, And the prize is sure to be won, For you're going the way winners have led; But when you stop trying—you're done. —Foley.

BETWEEN YOU AND ME

(Continued from Page 1)

the one we speak of and found out that he has been in the business for some time and was formerly employed at Watkins Paint Co., for six years doing picture framing work. Mr. Emig comes from Oakland Park and has many friends and acquaintances in this area who will be glad to learn of his new location.

\*\*\*

We all have heard the slogan, "When better automobiles are built Buick will build them." We found out that when better service is given Williams Buick Co. at 614 South Andrews Ave. will provide that service.

\*\*\*

Have noticed that Manor Market has some delicious ocean fresh Key west shrimp and shrimp priced reasonably.

\*\*\*

Wilson Electrical Appliance Service has opened up a shop on the Old Dixie, just north of the gate. They specialize in repairs on all types of ranges, refrigerators, electric sinks and automatic washers.

\*\*\*

Jack and Edna Rainey are taking over the dining room at the Tropical Club Saturday, August 4th. These folks are famous for their good food in this area at reasonable prices.

\*\*\*

Manor Service Station, that is the Standard station, is giving 18 months unconditional guarantee on those long wearing Armstrong tires.
