Village Citizens Invited to Council

Concilman Brown insists that any one interested in our water system (which all should be) attend the next council meeting, regular or special, and express their desires. This is a question where thousands of dollars are involved and the people of Wilton Manors should know what is going on. If you are not interested don't attend and don't have anything to say after a contract has been signed, or bond issue passed.

The council meetings are always open to the public, but from the attendance people must think they are not welcome, it could be lack of interest, we would like to know.

EDITOR'S NOTE: The above communication was given for publication.

NEWSY NOTES

Dropped into the Tropical Club the other evening to see Florence and Howdy Worden and was pleasantly surprised to hear piano artistry that was different. A guest personality was at the piano in the person of NINA of Havana. We understand that Nina has completed several engagements in New York clubs, receiving much favorable notice. Dan Chieppa of Tropical Tile and Terrazzo, on his recent business trip to Havana, heard Nina play at one of the Havana clubs and arranged for her appearance in the New York area. Since completing ber bookings up north, she is now available in Florida for engagements.

* * * Hear that Jack Hayes of Eighth Avenue is laid up for a while. * * *

We noticed our new principal, Mr. Davis, at the Village Hall last Saturday night-he commented on the sharpness of the youngsters who named the various historical characters portrayed by the "Ghost."

* * *

See that work on the Covenant Presbyterian Church is really progressing in the last few weeks. The roofing is practically completed and the plaster coating has been going ahead rapidly.

See that Scotty Irwin is back again at Tropical Driving Range. All you folks who have "slices" or "books" better see Scotty and get straightened He is available practically any time. By the way-through a good friend and fellow golfer, George Jacobus, former P. G. A. president, before coming here, have heard glowing reports of Scotty's teaching methods. * * *

We have particularly noticed the friendliness of the people in the Village. We can certainly say WILTON MANORS IS A WONDERFUL PLACE TO LIVE.

* * *

Glad to see that we have an additional police officer in the Village. In addition to giving better protection for the merchants and citizens it is going to help Chief Beaney, who really was much overworked.

非 * *

Although our date line is Thursday -we deliver on Wednesday night. Don't forget the HALLOWE'EN PARTY FOR THE KIDDIES BY THE KIWANIS in the rear of the Pederson stores. The Kiwanis are sponsoring the event and are doing everything to help the P.T.A. getting started on their civic program. Let's all be out and support this worthwhile movement.

Had a talk with Doc Williams the other day and he told us that he was really going to have some wonderful merchandise for Christmas. In addition, Doc is going to decorate the pharmacy building.

* * * Kiddies-be sure and come in cos-

BETWEEN YOU AND ME

We've been told by C. Wilson Brown of the Businessmen's Club that Dick Gallion has promised to get Wilton Drive cleaned up this coming week. We hope to especially before our winter visitors start coming. As it is, it certainly gives a sorry pictire to our fine community,

* * *

Mrs. Alvar Hagen certainly deerves a vote of thanks from the people of the community for the way she handled the Hallowe'en party at the Village Hall last Saturday night. With more than 300 people present Mrs. Hagen was the ideal hostess, seeing that everyone was having an enjoyable time.

HALLOWE'EN PARTY SIDE GLANCES

Noticed several of our "new" residents from former Highland Estates were present and seemed to enjoy themselves at the party. The Kingmans and Novaks among others from this area were in attendance.

* * *

Mrs. Harley Sanderson was really on the job. As an "Emcee" she really is unbeatable. Mrs. Sanderson really kept things going and is one of the most civic minded people in the community. Wonder how she finds time for all of her activities—the Scouts. P.T.A., Cubs, Woman's Clob.

Gotes big kick out of the Newton' costumes. Mrs. Newton was "really the bell of the ball" in her old fashsoned dress bustle and all. Newt was the "Jim Dendy" swallow tail cost, derby hat, cane, and handle bar mustache - (really put mine to shame).

Frank (Kiwanis) Miller really 'pitched" in and gave a fine card trick demonstration. Have to find out, Frank, how you got the card in Mrs. Pilcher's shoe.

. . *

Those kids are really "on the ball." Before you could say "Jack Robinson" they had the answers to the characters portrayed by the "ghost." Flavel Roberts, we observed, won several

Bruce Evans, as the hula dancing gul, gave quite an exhibition of the Charleston. Bruce is captain of the Wilton Manors Safety Patrol.

Mrs. Sidney Sandler really took off Mammy Yokum to a "T."

The High School Band Stand orchestra did a splendid job with their music. The boys really gave plenty of it and with plenty of zip.

The Council was much in evidence. Col. Robinson, Al Hagen, J. Marvin Brown, Jim Boyd. I missed seeing Art Chabot-but do know that Mrs. Chabot did a swell job in assisting with the decorations.

Mrs. Dave Turner really took the the "house down" with her original costume of the "old man." There was no question that this was the "funniest" costume.

Carlene Geisler had the prettiest costume-and by the way is really a splendid dancer. Would have liked to see her and Mr. Geisler give an exhibition.

Frank Gates, president of the Civic Club, which sponsored the party, was much in evidence, acting as host and seeing that all was running smoothly.

WATER PROBLEM BEFORE COUNCIL

NEW BUILDING FOR POLICE

It was agreed by the Village Council at a special meeting held Tuesday, October 23, providing there is no liability involved to purchase a building for the use of the police department and for storage space.

The building is located in Harbon Beach and was bought for \$450 plus \$300 for the transportation of the same. The owners originally wanted \$800 plus transportation. It was estimated that to duplicate the building would cost at least \$1,500.

It was decided by the Council to place the building in the triangle at cation of this property legally perthe "park" providing that the dedimits such a move. The building would be painted and lot landscaped so as to lend attractiveness to the area, and to provide a better information center,

Commissioner I. Marvin Brown first suggested the additional building for the police.

NOTE: We learned the building is now unavailable.

HALLOWE'EN PARTY WELL ATTENDED

One of the most successful gather ings ever held in the Village took place last Saturday night at Village Hall, in the form of a Hallowe'en party, sponsored by the Civic Association. More than 300 people were present to enjoy the festivities. The party was primarily for the purpose of "introducing" both new and old residents of the Village and making the residents of the two newly an nexed areas "welcome" to Wilton Manors.

Mrs. Alvar Hagen, chairman of the event and her able committee, certainly did a splendid job in seeing all had a fine time.

Among the prize winners were Mrs. Dave Turner, Mr. and Mrs. Robert Newton, Mrs. Sidney Sandler and Mrs. Carlene Geisler. The judges of the contest included Dan Kingman, Earl Gurney and Mrs. Randall.

Assisting Mrs. Hagen on the committee were: Mrs. Harley Sanderson, sentative to appear at the Council. Tamburrino, Mrs. M. H. Cerro, Mrs. H. W. Riebling and Mrs. Arthur Cha-

Through the courtesy of Fannin Finneral Home, extra chairs were provided, for which the committee is grateful.

Music, for dancing, was furnished by the High School Band Stand Or-

Patrol Leaders Attend Scout Conference

Four members of Boy Scout Troop No. 123 attended the Patrol Leaders conference at Snapper Creek over the week-end. The boys were in attendance Friday, Saturday and Sunday. Representatives from the troop were: Jim Rowe, Dave Hartman, Tom McElhattan and Gordon Sanderson. Charles Perry was appointed as an assistant to work with Chief of Police Richard Beaney on the Safety Council. George Miller was named al-

The Village Council as a whole are very much "burned" up with the engineering firm of Black and Associates of Gainesville, Florida, who were engaged by the Council at the minimum fee of \$1,500 for the preparing of a water survey for the Village water distribution system.

Council President Al Hagen has been much disturbed by the survey report which was rendered to the Council by the engineers. He cited several discrepancies in the report. Mr. Hagen was going to send a letter to the Black and Associates firm but the Council as a whole will voice their various objections in a letter to be forwarded to the survey engineers.

Mr. Hagen in commenting on the raport as submitted that the engineers had no concaption as to what the Vilage needs and further stated why did they not come here and check and give right study and thought to this most vital question.

Village Attorney Robinson made a motion that each member of the Council prepare their objections which could be embodied in one letter addressed to the engineering firm calling their attention to the faults and shortcomings as rendered in the re-

Mr. Hagen stated that the engineers should be instructed to come here to the Village immediately.

When Black and Associates were engaged their contract in part stated that their services would include an analysis of the water problem confronting the Village. They were to present an accurate layout of the distribution system, prepare details as to the amortization of the project, drawing the plans in adequate detail to be approved by the State Board of Health, prepare bids and tabulate the same and to provide for an adequate inspection while the contemplated proiect was underway.

It was stated by Village Attorney Robinson that there were several discrepancies in their report and which were also mentioned by Mr. Hagen. According to the Village Attorney the firm has not provided the service for which they were engaged.

The letter has been forwarded to the engineering firm for their repre-

In all fairness to the Council, they have had a most trying prblem facing them regarding the water situation. They have been meeting practically every week going over reports, surveys, plans, etc., in order to find the most economical way to provide water for the Village, With an expenditure of over \$100,000 a situation of this nature cannot be passed over lightly. The Council is certainly to be commended for the diligent study which it has given to the water problem and from an impartial standpoint I am sure that whatever decision is arrived at, will be for the benefit of the community as a whole.

Brownies Plan Thanksgiving Play

The Brownies, Troop No. 44, are planning a Thanksgiving play for their parents. The play will be under the direction of Frank Hainey. The troop is most active and participated io the Kiwanis Hallowe'en party, Wed-

At the recent meeting of the Pompano Beach Woman's Club, Dr. Paul Hughes, director of Broward County Health Department was the speaker. He spoke on the subject of health in the County.

Six new members receiving corsages were Mrs. R. W. Hankins, Mrs. Harry Rosselot, Mrs. o Jseph Hentges, Mrs. Walter Merton, Mrs. Wurtha Yates and Mrs. Mack Peters.

New officers elected to replace those who resigned earlier in the year are Mrs. L. M. White, treasurer; Mrs. O. L. Jones, corresponding secretary; and Mrs. Henry J. Cope, financial secretary.

The club also voted to give \$40.00 towards furnishing the first aid room at the local school.

Hostesses for the afternoon were Mrs. R. H. McNab, Mrs. Gay Singleton and Mrs. Gordon Green.

A pack meeting of the Cub Scouls was held Monday night. Due to the tremendous interest displayed, in all probability another den will be organized.

The members of Den No. 2 are as follows: Robert Oakes, Douglas Farquhar, Walter Sanderson, Roy Libby, Jeff Jackson, Bobby Mason, Jim Tamburrino, Donald Pendleton, Warren Williams, Doug and David Cunungham (the twins of the Den).

Den 4 consists of the following: Robert Perrigo, Sherman Bougher, Mark Mincey, Lee Camman, Jeff Titus, Harris Hedrick, Dale McNamire and Tom Monqus.

Den No. 2 "Mother" is Mrs. Frank Tamburrino and Den No. 4 "Mother" is Mrs. A. F. Cammau.

THE PASTOR'S STUDY

By Rev. Russell D. Toms Covenant Presbyterian Church

"In the beginning God created the heavens and the earth."

This is the first sentence of the Book we believe to be the inspired Word of God. It is a wonderful way to begin God's revelation to man. "In the beginning" is a phrase which sends the mind back, back until it can go no farther in time. Well, what was back there in the beginning? "In the beginning-God!" God is the first Fact. This first verse of Scripture brings us face to face with God the Great Original,

You will notice in this first verse as generally through the Bible, that the existence of God is not argued There for the reader is the simple statement. "In the beginning God created." Back there at the beginning of of time was the causing of something which before had no existence. The sun, the moon, the stars, the planets; yes, the whole universe with all its elements, powers, and processes was brought forth by the creative power of God.

God saw fit to give first place in the revelation of His will to Himsell We must begin with God for God in the beginning-and the e-i. "Before the mountains were brought forth, Or ever Thou hadst formed the earth and the world. Even from Everlasting to Everlasting, Thou art God."

God made the world, therefore He was before it. Because He made the world. He was apart from it and above it. And because God made the world, it is His. And if it is His, then He controls it.

This first verse in the Bible is above the realm of natural thinking. ft is Supernatural. It is fitting that the first sentence of God's revelation to man should be so. But God is not so far apart from us because of his Greatness. We are forced to meet Him in all of His creation. We must deal with Him because He will deal with us. We can only deal on friendly terms with God through Jesus Christ. Some one has said "Out of Christ God is a consuming fire; in Christ He a loving and forgiving Father." Where are you?

Government Produces **New Cartoned Food**

American servicemen may soon not be so anxious to get away from G-I food and back to a good home cooked

Science and the government have combined to produce a new kind of cartoned food and a new cooker to prepare it.

When the Marine corps tested it out a sergeant just back from Korea said-"if I could just teach my wife to prepare food like that."

The new way of packaging rations will provide more variety in a fighting man's diet-and a meal can be prepared right at the battle front.

The 215-pound cooker is being by some small units at the front. It can be used for frying, baking or as a warming oven.

BETWEEN YOU AND ME School Football Safe

(Continued From Page 1)

Speaking of the Council, the money appropriated for the event was well nvested.

WOMEN ARE FUNNY

Tell me, my dear, that I'm fair as the dawn.

Kiss me with fervor, and not with a yawn.

Tell me you love me. Tho you told me before.

I'ell me again, and then tell me some more.

Not that there's ever a reason to doubt it.

I'm well aware there's no question about it.

Still I'm a woman, and women are really funny!!!

Ever since Eve, we have flourished on honey.

Dropped in at Al's Hobbies in the Lang Building, the other day, and saw that they had received a big slupment of Christmas stock. Saw some swell H O model trains and engines that would be just right for "Junior" or even Dad could get a kick out of them. It might be a good idea to drop down and browse around and place a deposit on any selection that you might see. Doing this now would ease the load on Santa, who is terribly rushed just prior to Christmas.

Watch for the opening or Clause's Tropical Patio Restaurant at the Tropical Club this Saturday. Mr. Clause has been in the restaurant business for more than 30 years and operated various restaurants in Pennsylvania. His former restaurant, in Bethlehem, had an enviable reputation.

A pair of tortoise shell glasses was lost on Wilton Drive near 21st Ct., last Thursday. Please contact the Edstor of The Bulletin.

With Proper Care

Football should not terrify the mothers of teen-age boys who want to play. The kind of organized football played in school is far safer than the sandlot variety, where there is apt to be no supervision, no equipment and an uneven, stony field, says Mary Stuhldreher, the wife of a famous star and coach. Writing in McCall's for November, she gives you a list of big questions which should be answered before you agree to let your son try out for the high school team:

"To be safe, football must be supervised; and high-school football, I assure you, is very strictly supervised. A boy must have his parents' written consent and undergo a thorough physical examination. He is then issued the proper equipment: hip pads, thigh pads, shoulder pads, head gear, pants, a long-sleeved jersey and cleated shoes

"Practice is held every afternoon from 4:00 to 6:00 on a school field, under the watchful eye of the bead coach and his assistants. First there is a ten-minute calisthenic drill, which limbers the muscles and quickens the reflexes. Then the squad is divided into groups, and the fundamental work on blocking, tackling and kicking is begun. The coach will put the boy at the spot for which he seems best suited-and where he will be of most help to the team.

"As a member of the team, the boy must set aside bis own personal whims and desires and be willing to follow the training and conditioning rules prescribed by his coach. He must eet regularly three times a day. Meat, eggs, vegetables, fruits, cereals and milk should be included in his diet. Pastries and fried foods are taboo, and he should drink plenty of water between meals. He must get eight hours' sleep a night. He must take a shower after practice sessions, and if he's sore and stiff be should have some deep heat and a rubdown. He must be careful to use an antiseptic on cuts and abrasions, and he must never never hesitate to report an injury, no matter how slight he himself may think it is.

"There used tod be a popular belief that if a coach needed a boy he would play him, regardless of how battered and bruised he might be. This is not so, I am happy to say.

"Proficiency in an individual sport like tennis or golf will help him make valuable contacts when he enters the business or professional work, but the team work he learns from football will be en even greater asset to him. In tennis and golf a boy plays for himself. In football he plays for a team.

"At this point perhaps I should confess that my husband was one of the Four Horsemen of Notre Dame, and coached football at Villanova College and the University of Wisconsin. It is not as a coach's wife, however, but a player's mother that I defend the game. Three of of our four sons-Harry, Jr., Michael and John (the youngest boy, Peter, is still in the eighth grade)-tuve played on their high-school football teams. Ever though their bruises and sprains have cost me many anxious moments, I've never failed to urged them to participate."-Courtesy: McCall's Magazine.

"New Look" Shown In Eastern Germany

No fashion show in France or America was ever like this.

Working women walked across a stage before an audience of women. They didn't glide or pirouette like the mannequins we know. They carried wrenches, hammers or other tools used in the home, garden and factory. And they modeled 100 costumes demonstrating the "new look" in women's clothing in Communist eastern Ger-

FULL AND HALF SIZES 1958 Sunrise Blvd. (Cateway) 7 Min. from Wilton Manors

SOCIAL SECURITY INFORMATION

Most self-employed people are now working under social security and are afforded the same benefits and proaction that have long been enjoyed by employees in comerce and industry, according to Paul L. Byrley. manager of the Fort Lauderdale social security office.

Recent changes in the social security law provided for coverage of most of the self-employed beginning January 1, 1951. Not included are farm operators, doctors, lawyers, and certain other professional groups. These persons may be covered by other provisions of the law, however, if they are employees, or if, in addition to their regular occupation, they are in self-employment work covered by law. For example-a lawyer who is also in the insurance business.

Social security field offices throughout the country are now receiving many inquiries concerning the reporting of self-employment income and the payment of tax.

A self-employed person will report income for social security credit on a detachable portion of his final individual income tax return. The collector of internal revenue will forward this detached portion to the Social Security Administration where the income will be credited to the individual's account. Social security tax of 214 percent of the self-employment income will be paid in full to the collector of internal revenue at the time of making the final income tax report. Only \$3,600 of self-employment income is taxable for any one

Persons having net earnings from self-employment of less than \$400 in a taxable year are not considered as self-employed for social security purposes and are not covered by the new law.

The self-employed person will make his first contribution in 1952 when he files his income tax return for 1951. Each person not having a sosecurity account number will need one at that time. Field offices are new issuing account numbers to the self-employed and a last minute delay may be avoided by obtaining account numbers new. Application forms may be obtained at local post offices or your social security field office.

No "bell shape." No plunging necklines. No bustles or lowered hemlines. All costumes were said to be equally suitable for day or evening wear, work or play.

This is the "new look" of the Communist fashion designers, displayed at the biggest post-war feshion show ever held in East Germany. And since the government has done away with professional mannequins, the models were plant workers.

The new styles are called "the activist combination." And when the applause died down at the end of the show, the master of ceremonies reminded the women in the audience that none of the dress was for sale.

NEWSY NOTES

(Continued from Page 1)

tume for the Kiwanis Hallowe'en party. There will be all types of prizes awarded on Wednesday night.

Mr. and Mrs. H. K. Mincey of 1108 N. W. First Ave., announce the wedding of their daughter, Helen, to James Kyle Bryan, son of the Rev. and Mrs. Kyle Bryan of Cocos, Fla. The wedding took place Friday, Oct. 26 at the Church of God. Courtesy of open church was observed.

Mrs. Bryan was graduated from Trinity Lutheran High School and formerly was a waitress at Williams Phermacy. The couple will make their home in Cocoa.

Manor Market is to be commended for their public spirit. They purchased 20 tickets for the circus sponsored by the Fort Lauderdale Fire Department to be held November 8, These tickets were given to Chief Richard Bear-y by Manor Market for distribution to the school patrol and committee children on the bike safety

Chief Beaney was laid up several days last week with Illness and Commissioner J. Marvin Brown took over.

Mr. and Mrs. Raymood H. Lyon of Allenhurst, N. J. are visiting Mrs. Mae Foley of 2716 E. Sixth Lane.

Walter Glauce of Chicago is a guest at the home of Mr. and Mrs. Tony Glance of Oakland Park.

Have had several inquiries regarding Mrs. Hinds' coudition, which we deeply appreciate. Mrs. Hinds underwent an operation this past week and is "doing as well as can be expected."

As a "newcomer" we can probably appreciate many things which "old timers" do not-but take for granted.

One of those attractions that is worthwhile to listen to is Nina, the vivacious piano personality from Cuba who is appearing at the Tropical Club beginning Wednesday of this week. In addition to her appearance Wednesday, she will be featured with Flash Gordin every Friday, Saturday and Sunday. Speaking of the Tropical, it reminds us that the dining patio opens Saturday of this week under the direction of Bill Clause, who has had years of experience in the rostaurant business. As an opening leature Clause's Tropical Restaurant will feature "home style roast turkey dinner at \$1.00."

* * * The P.T.A. will hold a meeting next Wednesday.

We nearly forgot to mention our new police officer who has been appointed. He answers to the name of Harry Morris and from what we gather, he should make a good relief for Chief Beaney who has certainly put iu plenty of hours in the community. We are confident that the merchants will appreciate the addition to the force.
