NEWSY NOTES

Congratulations to Buck Weaver of Fritz's in Oakland Park on his recent birthday. Several of his friends and associates presented Buck with a beautiful bouquet of "glads" which served a two-fold purpose, his recent opening and birthday.

Notice Manor Market has a new asphalt tile floor put down recently.

Understand that a real estate office and insurance business is taking one of the new stores on Wilton Drive.

The joint armed forces blood donor program, under the jurisdiction of the Broward County Chapter, American Red Cross and the blood bank of The Broward County General Hospital, urges all those who can to donate blood for plasma for the boys in Korea. Francis Gates, past president of the Civic Association, is in charge of this program for Wilton Manors.

Miss Jordan of the Nursery School left by plane to spend the Thanksgiving holidays with relatives in Minnesota.

We welcome our new neighbors to the west of us, Mr. and Mrs. Howard Stiles, Donna Ann, Carol Lee and Terry.

Mr. and Mrs. Irving Eckhardt have taken up residence at 305 N. E. 20th. Their former home was Grasse Pointe, Michigan.

SAYING GOODBYE

So much to say,
So little time to say it
With words which fail
So sadly to convey it.

When people have been
Overlong apart,
They speak with touch of hand,
With eyes, with heart.

Mr. E. W. McGuire, vice-president of the Wilton Manors P.T.A., was in attendance at the State Convention of the P.T.A. at Jacksonville last week.

Rowlenz Sewing Machine Company of 20 Wall St., who handle the Pfaff sewing machine do repair work on all types of sewing machines. The advantage of the Pfaff machine is that it sews on buttons, makes button holes without the use of any extra attachments.

Danny Chieppa of Tropical Tile and Terrazzo Co., was called to New York by the death of his mother-in-law. Dan went by plane.

With the slight drop in temperature Sunday, that oyster stew at Village Tavern sure hit the spot.

BETWEEN YOU AND ME

By Tod

Happy Thanksgiving!

Something is radically wrong in the operation of our governmental agencies—State Department, which is filled with "pinks," War Department, which suppresses news—and the Executive branch which censors news and releases only the propaganda to the press which they want to see printed for public dissemination.

The above statement is verified with the news stories released by Col. James M. Hanley, chief of the advocate's section of the Eighth Army on the atrocities committed by the slaughtering of 5,500 captured troops by the Reds in Korea.

It is high time that the American public raise their voice and call for a "Clean Sweep" in Washington. Every father and mother should flood their Congressional representatives with letters and telegrams of protest and call for action to avenge the slaughter of our boys.

We hold no brief for General Douglas MacArthur, but we feel that his conduct of the Korean campaign and recommendations, for which he was fired, will be carried out. We are confident that MacArthur, would not have been "duck hunting" as Ridgway was, while his men were freezing in foxholes.

Madray's on the Old Dixie Highway held an unofficial opening of their establishment last Friday night. More than 300 people were in attendance. Their tavern is most modern. Pabst Blue Ribbon is on tap.

Dropped over to the Tropical Golf Range the other evening to hit out a pail of balls. Scotty Irwin, the pro, very kindly straightened out some flaws in our swing and believe it or not we really began putting them out around 240 yards. Yes, Scotty, I'll keep that left arm straight and close to the body and stand up to the ball.

BRAVERY

No one must know
that I'm lonely,
Or care that you've
gone away.
And I must smile,
While I answer
You will be back
some day.

I must be singing
always,
Laughing as men do,
Stepping to startled
music,
Trying to banish you.
When I say prayers
at evening,
This is the thing
I ask:
God, make me braver
tomorrow,
Paint me a brighter
mask.

Referendum Vote, Nov. 30 On Cement Plant

Korean G I. Sends for Mittens

It is a fine state of affairs when our boys, who are in Korea and not of their wanting, have to send letters requesting that their parents send winter equipment.

Mr. and Mrs. Howard Worden, of the Tropical Club, this past week received a letter from their son, Derry, who has been in Korea for many months, requesting that mittens be sent to him. The Wordens shopped the area, and in this climate, naturally were unable to find any to send to Derry. They telegraphed their other son Ronnie in Lansing, Michigan, to send mittens to his brother.

This case is not peculiar, for we heard recently that an Oakland Park resident had been requested by his son to send to him a sleeping bag.

Yet the gullible American public sits idly by and lets such conditions exist.

We, the people, are told in propaganda releases, that our boys are well equipped and everything is being done for their comfort.

Do the above statements bear this out?

Yet President Truman and the "brass" bask in the Florida sunshine at Key West while the poor G I freezes in Korea.

Village Boy Scouts Attend Camporee

Wilton Manors Boy Scouts were well represented at the Camporee at Birch State Park Saturday and Sunday of last week. Bright and early the Scouts were up and on their way for their week end of camping and patrol competition in preparation for the district meet at Snapper Creek this week-end.

Among those attending, in charge of Asst. Scout Master George Robinson, were the following: Flavel and Ellis Roberts, Jack Wilson, Jim Rowe, Gordon Sanderson, Bruce Evans, David Hartman, Pete Diamond, George Miller, Butch Owens.

Wilton Manors Has Post Office

A postal sub-station for the operation of postal business was opened in Williams Pharmacy last Friday.

The new post office is known as Wilton Manors Sub-Station No. 1 and comes in mighty hand at this time of the year with Christmas cards and packages to be mailed. Service includes dispensing of stamps, money orders, parcel post and registered letters.

Scout Chairmen Have Meeting

The Girl Scout Neighbor Chairmen of North Broward District (The Sand Pipers) held their regular meeting in the Women's Club of Oakland Park, Monday night. It was decided at the meeting to make the second Monday of each month as the regular meeting time. Meetings will be held at the Girl Scout office headquarters in Fort Lauderdale at 7:30 p. m.

November 30th was the date set for the holding of a referendum to decide whether or not Wilton Manors wants a cement plant within its boundaries.

The question of the referendum was brought about by the report made to the Council by the Zoning Board who suggested that a public meeting be called.

More than one hundred were present at the Council meeting who were attracted by the request made by the Maule Industries for the erection of a plant adjacent to the Florida East Coast Railway on the east side near 26th St. and the north branch of Middle River.

A. E. Foster of the Maule Industries pointed out, in his presentation, that the plant to be erected would be used for a warehouse, a lumber yard steel fabrication and ready mixed concrete. The contemplated plant was to be 1600 feet north of the nearest residence. The most modern equipment was to be used in the plant in order to eliminate objections. The grounds would be landscaped. Mr. Foster in his presentation further stated that the plant would not be an eyesore to the community and that the payroll of the company would be an asset to the merchants in the Village.

Various objectors from the former Middleton Gardens area were present who objected strenuously to the granting of a permit for erecting such a plant. Mrs. Maby Thomas from the Village, Mrs. H. C. Randall, C. Wilson Brown, and others voiced their objections.

A petition in protest was presented by Dan Kingman of the newly annexed area of Highland Estates. Approximately 100 names were on the petition.

It was suggested by President of the Council Hagen, in order to bring the matter to a head, to hold a referendum so that the public could express its opinion. Village Attorney Robinson moved a resolution that the question be phrased in a fair and reasonable manner and be expressed on the ballot. Those eligible to vote would be any qualified registered elector who now appears in the County Registry books and is a resident of Wilton Manors.

WATER QUESTION

A report was given to the Council by the Village Attorney as to the status of the water question. Mr. Robinson stated that he had attended two meetings with Oakland Park officials and a proposed contract was submitted. In the conferences with Oakland Park, the impression was given that water could be purchased from that municipality for twenty-two and a half cents per thousand gallons on a wholesale rate. The attorney stated that now Oakland Park has jumped their figure to twenty-five cents per thousand.

After much discussion it was decided by the Council that the engineer and Village Attorney make a trip to Naples to inspect a plant and

THE PASTOR'S STUDY

By Rev. Russell D. Toms
Covenant Presbyterian Church

"And Jesus answering said, Were not the ten cleansed? But where are the nine?"—Luke 17:17.

Another Thanksgiving Day but are we really thankful? This national holiday to many means only a day of feasting with never a thought of praise to God from whom all blessings flow. What does this day mean to you?

Jesus had cleansed ten lepers. They had been set free from the dreadful disease of leprosy, but only one, and he a Samaritan, had been grateful enough to return to the Great Physician and fall at His feet and give

thanks for having been made clean. Nine out of ten made no expression of their thankfulness. The ratio is still about the same. Human nature has not changed much. Sinfulness still dominates.

What about you and this Thanksgiving Day? Do you thank God for your very existence? "It is He that hath made us and not we ourselves." Do you thank God for the ways and means and the strength he has provided for you to have food, clothing and shelter? Beyond these material considerations, and most important, do you thank God for providing His only Son as the Redeemer from sin? Of course, you can't thank Him for this gift if you haven't received Jesus Christ as your own Lord and Saviour. If you haven't received God's wondrous gift, you may find it difficult, nigh impossible, to thank God in the midst of the struggles of life. But with the firm assurance that Jesus died for you, you will be able to thank God in joy and sorrow, in sickness and health, yea, even in the face of physical death, because of your eternal riches in Christ Jesus. That is the only basis for real Thanksgiving.

Well, what about it? Will this be a real day of Thanksgiving for you? If Jesus has cleansed you from sin, not only this Thanksgiving Day but every day of your life will be and ought to be a real time of thankfulness for the gracious love and mercy of God.

equipment which that community has for sale. It was also decided that Council interest private capital in the interests of Wilton Manors having their own water system.

President Gates of the Civic Association asked that the Council appropriate money for playground equipment at the Wilton Manors School. Mr. Gates stated that equipment would cost approximately \$600. In the fund already is the amount of \$279.50. Council appropriated \$310 for the fund. It was suggested by Council Member James Boyd that a barbecue be held, supervised by the civic association and Women's Club, such monies received from this event be returned to the Village treasury.

Council appropriated \$25.00 to the Businessmen's Club for a Christmas tree at the "park" on Wilton Drive.

A petition was also presented condemning the practice of merchants who have debris in the rear of their stores. An ordinance is to be prepared by the Village Attorney for consideration of the Council.

One of the largest crowds in the history of the Village was present at the meeting which adjourned at 11:15.

SOCIAL SECURITY INFORMATION

Many people are confused about the meaning of the term "domestic work" as applied to employees under social security, according to Paul L. Byrley, manager of the Fort Lauderdale social security office.
To illustrate his statement, he cites the case of a woman worker. She came to the Fort Lauderdale social security office the other day to ask why her work was not under social security like that of other domestic employees.
It turned out that the work was not "domestic work," and had been under social security right along. She cleaned offices for various professional people on a part-time basis. Her employers had never asked to see her social security card, and had not deducted any tax from her wages. Their failure to do so was not because of had faith, but simply because they had misinterpreted the meaning of the law. They had not realized that part-time office cleaning is employment in the course of the employer's trade or business, and has been covered by social security since the original law went into effect.
On the other hand, "domestic work" which means work performed in a private household, came under social security on January 1, 1951. It includes any kind of labor, inside or outside a house. A cook, laundress, gardener, chauffeur, or any other kind

of worker employed by one household employer on at least 24 different days, and paid not less than \$50 cash wages in a calendar quarter is in work covered by social security. A "calendar quarter" is a 3-month period beginning January 1, April 1, July 1, or October 1.
Byrley advises domestic workers as well as office cleaners to make certain that they get social security credit by showing their social security cards to their employers. The account number on the card will be copied on the report the employer makes of the worker's wages. If this is done, the worker will get full social security credit for his earnings that are building towards his and his family's old-age and survivors insurance protection.
As for the office cleaner who is not a domestic worker, her social security account has been straightened out. The Fort Lauderdale social security office got in touch with each of her former employers and obtained wage statements from each of them. "I'm sure she will show her social security card to every new employer from now on," says Burley.

"SCOUTING AROUND THE TOWN"

Brownie Troop 72 held its regular meeting Wednesday, November 14th. They made turkey decorations to put on mother's Thanksgiving table. Mrs. Henry Doubleday, troop committee mother, assisted Mrs. W. J. Chernay and Mrs. L. Freudenthaler, who are leaders of the troop.

Pamela Freudenthaler, Scribe.

The new intermediate troop, held their fourth meeting at Covenant Presbyterian Church on November 14th. Plans for the skating party were discussed.

Twelve Girl Scouts of Troop 43 are planning a trip to Sanibel, an island off the west coast. The transportation is to be by cars. The Scouts will take their food with them and plan to sleep in a Scout Camp at Fort Myers. The girls will leave from Mrs. Robert Newton's home the afternoon of November 23 at 1:00 p. m. and return the following Sunday. The girls of our troop are divided into three groups. The 10 year olds are to play leaders, the 11 year olds are homemakers and the 12 year olds are forresters.

Barbara Halliday, Scribe.

Leaders' Notes: The twelve scouts earned their trip to Sanibel Island for having a perfect score on Honors Chart which was kept in the troop for nine months of last year. The covered dish supper given by the girls of 43 and 85 was most successful and it seems that we are going to have some fine cooks, one of these days. The girls were very happy to have their parents attend. This is "home-life month," for these girls and what could be a better way to start home life, than with their family. New Scouts invested were: Gaunita Cooper, Martha Lynn Davis, Betty Ann Halliday, Marie Hickey, Lillian Kardamis, Judy LaMay, Nancy E. Lee, Judith Pendleton, Betty Riebling, Barbara Ann Roosa, Karen S. Sewall, Shirley Ann Wells and Janice A. Wilson.
