Court Rules 'Old' Council Held Legal Office

JP Candidate

TED P. GALATIS

Ted P. Galatis is candidate for Justice of the Peace and Judge of the Small Claims Court for the 4th District, subject to the May Democratic primaries.

Mr. Galatis was born in Miami in 1922 and has been a resident of Broward County for over 14 years. He is a graduate of Fort Lauderdale Central High School and the University of Florida School of Law in 1946. He is married and a home owner and resides at 1234 N. E. Second Ave. Ted Galatis, as known by his legion of friends and acquaintances has been actively engaged in the practice of law for the past six years and presently is the City Attorney for Oakland Park and is well qualified for the office he seeks, being capable and most energetic.

DIRECTORY

Alternate Number to be called: 2-1411

NEWSY NOTES

We note that a new building is being erected on Wilton Drive to be occupied by Miller Hardware and Plumbing. Due to the increased business of this company, it was found necessary to secure larger quarters—hence the new building which will give additional space. The new building when completed will be most modern in every respect and Miller's will move from their present location, just two doors south. It is expected that the new quarters will be ready by June 1st. Business is being conducted at the present location.

A call is being issued for boys up to 13 years 11 months to play baseball team operating in the Optometrist League. The team will be completely outfitted and the committee consisting of Chester Jackson and Earle Gurney wish to field a good team. Both of these men have been doing splendid work with the youngsters of the Village. Any boys interested are asked to contact either of the above mentioned.

Chief Richard Beaney of the Police Department, although at the Village Hall every Tuesday and Thursday between 12 and 1 to register dogs owned by residents in the Village, reports that very few people have come in to register their pets. The deadline for registration is May 1st and the Chief reports that the ordinance will be enforced as of that date.

The Wilton Manors Volunteer Fire Company holds their meetings the second Wednesday of the month at Village Hall. All members are urged to attend these meetings, and others interested are urged to enroll in the fire company. The fire truck, recently purchased is getting into shape through the efforts of only a few of the members. The next job to be undertaken is to sand down the truck, in preparation for getting a coat of paint.

We note that a preponderance of people are signing petitions favoring the parking lot and addition contemplated by Manor Market. The owners of this progressive market expect to have one of the most modern establishments in Florida. The plans call for a paved parking area enclosed with a five-foot painted wall, with landscaping surrounding the whole area.

The Council at a recent meeting authorized the purchase of \$800 worth of fire fighting equipment for the recently purchased used truck. The Council was informed that 42 men have signed up with the volunteer fire company.

Authorization was given by the

Ideal Stone Applicators, who apply the new process Dura-Stone to residential, commercial and industrial buildings have been doing considerable work in the area and have received splendid comment from their satisfied customers. This process is applied to frame homes as an added protection and provides waterproof protection. In addition, Dura-Stone is used for fireplaces, swimming pools, fish ponds and flowerbeds and provides an ornamental as well as practical use. Some of the work done by the Ideal Stone Applicators appears at Lauderdale-by-the-Sea at Ocean Villa on El Mar Drive, at 410 N. E. 23rd St., Wilton Manors; 1800 N. E. 20th Ave., Lauder-Gate and 26 Caroline Ave., at Melrose Park. The company is operated by Howard Stiles and Ed Weiss who have three salesmen taking care of their growing business. Jack Horner, Clarence Christenson and John Bean handle the sales. All work is FHA financed. The company is located at 401 N. Dixie Highway in Oakland Park and in the show room are the various displays on hand which can be shown to interested people.

Mike Tartaglia of Tartaglia's Market on 1717 N. Andrews Ave. Ext. tells us that several people have praised the fresh Italian pork sausage that they feature at this grocery store. In addition a complete line of imported and domestic Italian groceries are stocked as well as fresh fruits, vegetables and wines and beers. The market is operated by Mike and "Jay" who originally come from Portchester, New York, where both they and their families conducted similar type businesses for over 25 years. A feature of Tartaglia's is that they have delivery service. The grocery store, Tartaglia's, formerly operated under the name of Hamby's.

With the bonding company asking to withdraw from their contract—could this be a further delay on the water for the village?

Local Boys Make CAP Program

Civil Air Patrol Cadets Capt. Ronald D. Spencer and Sgt. Ronald E. Thomas of 1325 N. E. Eighth Ave. have been selected by the cadet group of the Fort Lauderdale Squadron, Civil Air Patrol to be contenders for participation in the annual CAP International Exchange Program to be held during July and August with 15 foreign countries taking part.

Cadets Spencer and Thomas were selected by vote to go to Orlando within the next two weeks for a preliminary screening of the nominees from other squadrons throughout the state. Should they be among the six cadets to be selected from the state, they will be sent to CAP National Headquarters at Washington, D. C. for further screening and briefing before being assigned to visit for two weeks one of the countries participating in the exchange which includes England, France, Canada, Australia, Belgium, Switzerland, Sweden, Norway and others.

Water Contract Upheld Bonding Co. Wishes To Withdraw

In a decree handed down by Circuit Judge Lamar Warren, Saturday, it was ruled that the Wilton Manors Council which left office on March 3rd was legally in office up to that time. In his decree, Judge Warren also upheld the legality of a water contract for the sale of water by the City of Oakland Park to the Village of Wilton Manors.

In a declaratory decree, Judge Warren ruled that the two disputed points concerning the contract's legality do not affect its validity.

Oakland Park officials immediately made plans to begin water service to Wilton Manors. The date that service will be ready for Oakland Park users is anticipated to be April 1st. The question as to when Wilton Manors will receive water depends on when pipe can be installed to receive the water supply. The contract entered into between the two municipalities calls for the purchase of all necessary water requirements by the Village at the rate of 25 cents per one thousand gallons, which in turn will be sold to the home user at the rate of \$2.50 per five thousand gallons plus the meter cost installation.

The legality of the "old" Council holding office was questioned by former Mayor Dave Turner and others since the term of office was extended from November until the election of March 3rd.

Judge Warren, in his decision, pointed out that "all officers continue in office after the official expiration of their official terms until their successors are duly qualified." The "new" council consisting of the newly elected Mayor Perry Mickel, Councilman Earle Middleton, Frank Starling and James Dean together with the new clerk, Mrs. Marcia Stafford took office earlier in the month.

In his decision, Judge Warren also ruled that the contract does not require the signature of Mayor Dave Turner. He explained that he could find no statute which requires the approval of residents by the mayor.

The resolution putting the contract into effect needed only the signatures of the Council and Village Clerk to be effective, Judge Warren said. Judge Warren further said that the contract does not lack mutuality. This question was raised by present Wilton Manors Attorneys.

HIGHLIGHTS OF WATER QUESTION

The matter of obtaining city type water for Wilton Manors was first started by the Council consisting of Mayor Turner, Councilmen Hagen, Boyd, Brown, Chabot and Robinson in June of 1950. The first contact was made with the City of Fort Lauderdale which request was turned down by that municipality. On May 16, 1951 a water survey was started and engineers based the possibility of financing. At this time preliminary plans were studied and negotiations were made with a firm of engineers as to the cost of financing and also the cost of the construction of our own plant. As a result of this report it was found out by the former Council that by using cigarette and franchise tax monies that the Village could finance a water system. At this time plans were revised and proposals from bonding houses were asked for by the Council and a contract entered into with the bonding house. In July of 1951 contact was again made with Fort Lauderdale officials as a supplier of water and again the Village was rejected.

Former Village Attorney Robinson at a public meeting a few weeks ago stated that the firm of engineers engaged by the Village and other engineers agreed that if the Village could get an adequate supply of water on a contract basis from a supplier it would be cheaper than what we could produce water by the construction of our own plant.

At this meeting, the former Village Attorney stated that the bonding company contract, which is an open end agreement, was still in force at that date and is good up to \$150,000, although the outlay would be approximately \$60,000.

THE PICTURE CHANGES

Due to the fact that Highland Estates and Middleton Gardens had become a part of the Village, the engineering plans had to be revised to take care of these sections and in August of 1951 another request was made to Fort Lauderdale and again the Village was rejected as a user of water. In the meantime negotiations were entered into for the purchase of the Highland Estates Civic Club regarding their system which supplies water to that section. The purchase price on this was \$5,000. Two contracts were entered into with Oakland Park, the first at 22 and a half cents per one thousand gallons. All differences on contract negotiations had apparently been ironed out with the two parties to the pact and at a special meeting on February 6th of this year both Council bodies were present for the signing of the contract. At this meeting, the contract was sent to Mayor Turner for his signature. He returned the contract unsigned. At a regular meeting of the Council on February 20th, the Mayor submitted his objections in writing. The then Village Council reaffirmed it over Mayor Turner's objection. However, Oakland Park in the meantime on the new second contract jumped its price from 22 and a half cents per one thousand gallons to 25 cents per one thousand gallons. This contract was negotiated. In the meantime the legality of Mayor Turner, Council Members Chabot, Hagen and Robinson came before the court. This action is treated in the first part of this story.

Boyd Questions Brown On Police Appointment

The Village Council at their March 18th meeting in Village Hall authorized the payment of \$201.68 for patrol services rendered by William Hooks. The time period involved was from February 15th to March 10th. Mr. Hooks was officially appointed as police officer effective by resolution on March 11th.

Councilman Boyd took issue on payment of the bill, stating that the resignation of the former officer, Frank Morris, had never been brought before the Council and Mr. Hooks' appointment had never been before the Council until his appointment by Mayor Perry Mickel on March 11th.

Councilman Brown stated that it was an emergency measure and that he had placed the new officer on duty after consulting with former Mayor Dave Turner. It was brought out that the new officer, previous to March 11, did patrol and watchman duties, having no power of arrest. This move was questioned by Ray Coleman, who was told that if authority was needed Chief Richard Beane was called in on the case.

Also at the March 11th meeting, on the appointment of the new officer, former President of the Council Alvar Hagen, questioned when the pay for the new officer was to start was told—"effective as of tonight."

Village Counsel William G. Miller, Jr., gave his opinion that if the bill for services was submitted and the work performed, the Village was obligated to pay the bill.

Residents Object to Contemplated Re-zoning Improvement Seen

A petition of 14 names was presented to the Village Council at their meeting recently protesting rezoning of property facing the south side of N. E. 23rd St., extending from 6th Ave. west for approximately 270 feet. This application was made by Manor Market who wish to improve their property. Manor Market is interested in rezoning of only lots 8 and 9 of Block 47 of the re-amended plat of Wilton Manors. A hearing on the question will be held at Village Hall April 7th at 8.

Among the signers objecting were: J. B. Wright, Mrs. Morgan Bryan, Margaret H. Brown, Ray Coleman, Willard Snyder, Elizabeth Jones, Mrs. Martha Wilkerson, Carl Egert, W. E. Bunch, Sr., Mrs. W. E. Bunch, Sr., Mrs. J. P. Griffis, Arthur H. Snelling, Charles Laury and George Gesiter.

Comment heard throughout the Village seems to favor the rezoning. The new plans call for complete elimination of the former unsightly conditions which existed in the rear of the market. A five foot painted wall, landscaped, will surround the property and in addition there will be a paved parking lot as well as enclosed bins for disposal of garbage and refuse. The market itself will be completely renovated.

"Scouting Around the Town"

The Girl Scouts of Troop 43 held their regular meeting on March 22 from 3:30 to 5 P. M. We had a lively game of croquet as part of the tournament between the "playleaders" and the "homemakers." The girls, not taking part, stuffed pillows as part of their home nursing course. A discussion on sportsmanship was held previous to the start of the tournament.

—Barbara Hamday, Scribe.

Regular Brownie Troop 72 held its meeting March 19th. They made sit-upons and used the feather stitch on making the same.

—Pamela Kay Freudenthaler, Scribe

A weiner roast will be held for the Cub Scout Pack at the school on March 31. The visiting members of 123 Boy Scouts will be present. The affair will take place at 7:30. The chairman is Bob Titus and the leaders consist of Mrs. Sanderson, Mrs. Rogers, Mrs. Tamburrino and Mrs. Perrigo. The theme of the month, "Jungle Tales" will be presented at the affair with each den presenting a different number.

the hall unless it is absolutely necessary.

5. Do not play rough on the playground. This means do not fight or hit anyone.

—Loretta Lipscomb.

Lauder-Gate Liquor Store Opens at N. E. 18th Street

A convenience for those living in the Northwood section, Lauder-Gate and Coral Ridge is the new Lauder-Gate Liquor store which opened recently. The store is located at 2027 N. E. 18th St., just off Federal Highway.

The store is operated by Joe Buffa, who conducted a similar type business on South Federal Highway. As soon as telephone facilities are available, Lauder-Gate liquor store will make deliveries for the convenience of their customers.

As a "get acquainted" feature, Mr. Buffa is offering various specials to their patrons. Some of these consist of imported Scotch, fifth, \$5.49; champagne, \$2.99 a fifth; Imperial, 2 full quarts for \$10.00; "Our" special blend whiskey, four years old, 86 proof for \$3.14 a fifth. In addition a complete line of beer to take out is carried in stock and a special is offered with Regal beer at \$3.39 a case plus deposit.

Wilton Manors School News

First Grade (Miss Meredith). Our attendance has been small this week. We have had so many out because of illness. We hope they will soon be well and back at school.

Our class welcomed Virginia Shad-dox from South Side this week. John Simpkins is moving back to Michigan. We hate to see John leave. He has been with us all year.

We saw a movie on Health this week.

Second Grade (Miss Hammer). The second grade has not been behaving as it should. We have made some rules to help us get along better with others. These rules are:

1. Stay in your seat.
2. Do not talk in the classroom, hallways, lunchroom, or bathroom.
3. Do not push in line when the class is getting drinks, lining up outside, during a fire drill or going to the lunch room.
4. Do not run in the hall or be in

Water Contract—

(Continued from Page 1)

LAST MEETING OF "OLD" COUNCIL

At a special meeting of the Village Council on Saturday, March 1, discussion was held on the question of hiring a construction manager, who would run the job of installing the distribution for water but the Council would have control of the project.

Engineer Crowe of Black and Associates Inc., who were hired some time ago by the Council to conduct a survey and to draw plans and specifications for the water project, reported to the Council that on comparing the construction managers' agreements of Sain and Company of Orlando and Michael Marinelli of Intercounty Construction Corp., there was little difference in the figures submitted.

Mr. Crowe stated, however, that the construction manager participates in any saving under the unit cost and it behooves him to save where he can. The construction manager furnishes some small tools, power tools, machinery and motor driven equipment that is used on a rental basis.

CONSTRUCTION MANAGERS FEE

Mr. Crowe in his report stated that as far as the construction manager's fee was concerned, the Sain fee was 12 and one half percent and the Mar-

inelli fee, ten percent. The Marinelli participation is 20 percent and the Sain twenty-five percent. Over all, weighing the two construction managers' contracts, either one could be a little cheaper.

Marinelli, being a local man, residing in the Village, offered to finance the project for a period of 100 days at banker's fee of 5%, as long as the money was guaranteed by the bonding company in order to get the work started as soon as possible.

President of the Council, Al Hagen, stated that he felt that it was more expeditions and best to have a local man do the work.

On motion of Village Attorney Robinson a resolution was introduced that the proposed construction agreement submitted by Intercounty Construction Corp. to provide the Village a water distribution system according to the plans and specifications of the Village Engineer, and said agreement to be executed by the President of the Council. This agreement to be effective upon declaratory decree as to the validity of the water contract with Oakland Park.

The motion was carried with Chabot, Boyd and Robinson voting in favor and Brown passing his vote stating that he felt that this should be the work of the new Council.

NOTIFICATION TO FINANCIAL ADVISERS

On a further motion by Mr. Robinson a resolution was introduced stating to the effect that as to a previous agreement between the Village and B. J. Van Ingen & Co. stating that as the engineers' report had been received and the obligations as put forth in the agreement made on the 17th day of August 1951 with the financial advisers had been met and that the Village was calling on the financial advisers to ask compliance with the agreement by the posting of a good faith check in the amount of 3% of the \$75,000.

The Council further authorized in resolution the issuance of Water Revenue Certificates to be amortized and paid for from water revenue derived from the re-sale of water to residents of the Village.

On vote, Robinson, Chabot voted "yes" Brown, passed.

HIGHLAND ESTATES WATER SYSTEM

The matter of exercising the Highland Estates Civic Club option given to the Village some time ago, was discussed and on motion of Robinson it was agreed to take up the option of the Highland Estates Civic Club's distribution system and to pay the initial \$1,000, leaving a balance of \$4,000 to be paid, when the Village takes over the system. Voting in favor was Robinson, Boyd and Chabot and passing his vote was Brown.

Mr. Crowe of Black and Associates Inc., stated that his firm was deeply appreciative of the cooperation given by the council and conveyed to the new incoming council that they stood ready to work with them and aid in any way and that they would be glad to send representatives at any time to discuss any future problems which might come up regarding the water system for the Village.

In addition Mr. Crowe stated that in the very near future, it would be imperative to get a six inch line laid on 26th Street to supply the Sunset Manors project and that it would cost approximately \$10,000 for one mile of pipe to be hooked into Fort Lauderdale supply at present, and if this was not done, the project would suffer as well as the community.

MEETING OF FRIDAY EVENING

At a special meeting held on Friday evening, February 27, Mr. Robinson stated that we have notice from the State Board of Health that the plans and specifications have been accepted and moved that the report of the engineers be accepted. A motion was made and seconded that the balance due Black and Associates, in the amount of \$3,511.00 be paid, according to the contract dated August 17th, 1951. This agreement was two-thirds of ten percent of the estimated cost of the distribution system of \$75,160.00. The total fee was \$5,011, less a preliminary payment of \$1,500 which was paid a few weeks ago. Boyd, Robinson, Chabot voted "yes" and Brown "passed."

PROTEST FROM SUNSET MANORS

During the past week the Council held several meetings to try and get the water question straightened out. Delegations from Sunset Manors appeared before the Council protesting the lack of water in that development. Both women and men voiced their protest citing the lack of pressure and water in the homes in this area. Council President Middleton and Harold Brolliar met with Lauderdale officials to see if some solution could be worked out as to the possibility of getting pipe to handle this particular section as the "first" project in the distribution system.

Action on this question and other phases of the water supply is expected to be taken at the meeting of the Council to be held Tuesday, March 25th.

that a letter from the B. J. Van Ingen & Co., who were engaged as financial advisers, particularly on the bond issue, on August 17, 1951, wish to withdraw from their agreement with the Village. Whether or not this is another delay on the water question remains to be seen.

Editor's Note: To our recollection 1 year time element was in the contract entered into between the Village and B. J. Van Ingen & Co. and Ogden and Co.

Harold Brolliar, developer of Sunset Manors in a letter signed by the various Councilmen, has been given authority to lay pipe on 26th St. at his own expense to be reimbursed by the Village at a later date when the system is installed. The question of laying pipe must be worked out between Mr. Brolliar and Mike Marinelli of Intercounty Construction Corp. who was given a contract as Construc-

tion manager for the Village by the "old" council for this installation. The matter of supplying pipe is expected to be worked out with Fort Lauderdale as well as a possible temporary hookup for water to this development in order to give relief to this particular area.

This picture was taken at a recent Chamber Dinner at Newark N. J. From left to right, Ambassador John Foster Dulles, State Chamber President Charles H. Watts, Kiwanis Speaker, and N. J. Senator H. Alexander Smith.

**Charles H. Watts
Of N. J. C of C
Speaker at Kiwanis**

Charles H. Watts, president of the New Jersey State Chamber of Commerce was the speaker at the Kiwanis Club meeting held Tuesday night. Mr. Watts talked on the subject "1,000 Main Streets."

The speaker was introduced by Bill Karsten, a personal friend of Mr. Watts. Mr. Watts is chairman of the Board of Directors of Beneficial Industrial and Loan, a national director of the Community Chest Fund, treasurer of the United Defense Fund. The speaker spends the winter in Fort Lauderdale.

The members of the Kiwanis enjoyed the informative and forceful talk given by Mr. Watts.

At the March 18th meeting of the club Doc Williams and Bob Lewis, provided the program for the meeting in the form of a Kiwanis answer and question game. Those not giving the correct answers were "fined" and such monies went to the Building Fund.

During the week, the large brass Kiwanis bell, used in conducting meetings, disappeared from its usual place at the Tropical Club.

NEWSY NOTES

(Continued from Page 1)

Council for the purchase of a filing cabinet and a typewriter for the use of the Village Clerk. Discussion was held regarding the purchase of a used safe. This matter will be looked further into by the Council.

Bill Chieppa, son of Dan Chieppa of Tropical Tile and Terrazzo Co., is stationed at Breckenridge, Ky., with the Airborne Division. Dan, Jr., is at Camp Pendleton, California.

A Dan McCarty for Governor meeting was held in Village Hall last Friday night with Jim Dean presiding. Steve O'Connell, who is in charge of the campaign in Broward County, outlined organization plans to the approximately 25 people present. All residents who would like to enlist in helping elect Dan McCarty to the Governorship are urged to contact Mr. Dean. The candidate for Governor appeared in Wilton Manors last Tuesday for a short visit and was greeted by an enthusiastic crowd.

Now that the legality of the "old" Council members has been declared legal by the Court and water contracts are in order, another hitch has developed in the plans as the bonding company wishes to terminate the contract entered into with the Village.

C. Wilson Brown and Mrs. Brown, accompanied by friends, had a real day of fishing on Monday, March 17th. Whether it was the "luck of the Irish" or not—Mr. Brown caught a sailfish and released another; Dr. and Mrs. William Ostrom of Schenectady, N. Y., got a marlin and snailfish and Mr. and Mrs. Morey got a sailfish and marlin and released a sail. The party went out on the Caliban II with Capt. Allen Merritt.

Ruby and Puddles of Prospect Bar wish it be known that the free fish fry last Friday was at their expense and no political candidate. This Friday another free fish fry will be
