WILTON MANORS, FLORIDA, THURSDAY, JULY 3, 1952

A Wonderful Place to Live No Taxation

A Progressive Growing Community

BETWEEN YOU AND ME

By Tod

See where Chief Dick Beaney is back on the job, after his recent vacation.

Don't forget to display "Old Glory" on 4th of July.

Coral Gardens plat was held up for passage by the Council until approved by the Zoning Board. This new development is east of F.E.C. RR. and adjoins another development in that area, Middle River Gardens.

Most of the business establishments in the Village will be closed Friday, the 4th. Be sure and do your shopping early.

We note that Wilton Manors Furniture, which for the past few weeks has been under new ownership, has certainly been doing a swell business. With their increased new stock it is comparable to any store in the area . . . and better yet . . . there are no parking problems and you get individual attention.

See where Miller's Hardware is getting their new store in ship shape condition. With the larger quarters they sure can display their large stock.

Have heard plenty of compliments on the fine job turned in by the Village fire company at the recent disastrous Nix Sign fire on Old Dixie.

Speaking of Nix Signs, due to the fact that his home and business was completely destroyed, Mr. Nix can be reached at 3-3202 or 2-3393. Temporarily, he is located at Davis Sign Co., 1301 S. W. First Ave.

Orley Dunton, City Engineer, rendered a report as a member of "the fact finding committee" of the Petro Chemical Corp., who wish to settle at Port Everglades, with a new industrial plant.

We are happy to see that our program for display of the American Flag has culminated with the erection of a flag pole at the park. We are also glad that a suitable program on the 4th of July is to be held in the Village.

Village Attorney Miller Prepares Zoning Ordinance

Village Attorney Miller is preparing an ordinance on "zoning" for the Village. A new map approved by the Zoning and Planning Board has been presented to the Council. Preparation of the ordinance is a lengthy matter but it is expected that the Attorney will have the details worked out during the week so that the ordinance can be publicized in the papers. Objectors will have the right to voice their objections at a public hearing conducted by the Council.

NEWSY NOTES

C. Wilson Brown and Ezra Ether-ton have left for an extended fishing trip in the Adirondack mountains of New York. This region is famous for its trout streams.

Pat Dickson of Standard Station made a fast trip to New York on business last week. Pat left on Thursday and came back on Monday.

Welcome to Wilton Manors, Mr. and Mrs. M. C. Ryan of N. E. First Ave. The Ryans have taken up residence here, coming from Buffalo.

Mrs. Alvar Hagen and daughters, Joyce and Dianne, have left for Biloxi, Mississippi for a few weeks, where they will vacation with Mrs. Hagen's brother.

The volunteer fire company sure have to be congratulated for the fine work which they did at the recent Nix fire on Old Dixie. On arrival it was too late to save any of the Nix building and they wisely devoted their efforts to the Wilson Electrical Appliance building which had only slight damage.

We have heard that one of our residents objected to the noise of the fire trucks and alarm during the night of the fire. Wonder how he would feel if his house was burning down and he needed help---

The Council at a recent meeting approved a bill of \$200.00 for auditing services for Ray Coleman. Mr. Coleman has been working on the audit since the new Council took over office.

Let's all try and make Wilton Manors outstanding in the display of "Old Glory" on the 4th of July. We realize that a good number of residents and business establishments have no American Flag for display purposes. The Frank Milier Hardware Store on Wilton Drive has a complete display of all size American Flags for the convenience of residents and business establishments.

Mr. and Mrs. C. T. Smith and daughter, Donna, of Indianapolis, Indiana, are spending the summer with her sister and brother-in-law, Mr. and Mrs. Charles Palmer of 401 N. E. 26th Drive.

Those Italian dishes concocted by Dan Chieppa, and served by Chef Nate at Tropical Patio are sure delicious and are proving most popular.

We note that Village Tavern (restaurant only) is closed for the summer months. It gives Mac a well deserved rest.

We have been told by residents along 26th St., that a great deal of speeding takes place in that area. This section is highly developed and a

(Continued on Page 4)

EDITORIAL

4th OF JULY

Remember when we were kids, 4th of July was a big event in our lives.

I can remember "down in Maine," we used to get up at the crack of dawn. To be sure we didn't oversleep, my boyhood pal and I had an arrangement where we tied a string to our big toe and had the string out the window. So as not to disturb our parents, the first of us awakening would go and yank the string to wake the other fellow. We'd go out with our torpedoes, giant salutes, dynamite canes and really celebrate. We'd come home, dead tired about noon, but Mom would have a real 4th of July dinner, a ritual in Maine, consisting of Penobscot salmon, fresh garden peas, hot biscuits, strawberry short cake (the real kind) and home made ice cream. It just makes me hungry to think of it.

Now this is all changed and I sincerely feel for the better as fatalities in those days were terrific due to accidents with fireworks—yet on the other hand fireworks happen on the highways with the advent of the motor age and hundreds of people will lose their lives in the traffic toll this 4th.

This Fourth, the document the Declaration of Independence, will be 176 years old. I am mighty proud of the fact that I have been privileged to see the document which our forbears fought and died for and which many of our youth today in Korea are fighting and dying for.

To you who have never had the opportunity of seeing the Declaration, if perhaps you visit Washington, by all means stop at the Library of Congress and I am sure you will be thrilled and proud to say—I'm glad I'm an American.

FLAG RAISING PROGRAM IN VILLAGE ON 4th

City Engineer Dunton Reports on Meter Installation

City Engineer Dunton at the recent meeting of the Council on June 24th reported that as to date approximately 50 water meters have been installed and work is progressing rapidly. The cost of the meter installation will be \$50.00 and the meter remains the property of the Village. This cost includes the connection at the property line. The additional cost of running the service line from the meter to the house must be borne by the property owner. In the event the property owner installs his own service line, the trench must be left open so that proper inspection can be made by the City Engineer or license plumber. There is an inspection fee of \$1.00 for this service. After installation has been made, property owners should call Miller's Hardware (Water Department), phone 4117 and inspection will be made at the earliest possible moment.

A minimum charge will be made to the consumer of \$2.50 per consumer. This allows a total consumption of 5,000 gallons per month. Any consumption above this amount must be paid for at the rate of 50c per one thousand gallons.

Rules and Regulations Submitted by Dunton

Initial rules and regulations governing the operation, maintenance and duties of the water department personnel were submitted to the Council at their recent meeting by City Engineer Dunton. These may be changed from time to time without notice as conditions change.

The Village will hold a 4th of July program, beginning at 11 A. M. at the "park" on the Drive, when flag raising exercises will be held.

The program will be in charge of Chief of Police Richard Beaney, assisted by members of Boy, Girl and Cub Scouts and members of C.A.P. and Brownies.

The program will be opened by Chief Beaney who will introduce Chet Jackson as Master of Ceremonies. Mr. Thomas Cook will deliver the Invocation, following which the Flag raising will take place by Troop No. 123 Boy Scouts. The Scouts will be under the direction of Scoutmaster Harley Sanderson. A "color guard" from the C.A.P. will be in charge of Major L. L. Dameron. The Pledge of Allegiance will be led by the Girl Scouts, in charge of Mrs. Robert Newton. Chet Jackson will deliver a short address on Independence Day.

The Council recently authorized erection of a 35-foot flag pole at the park and also a flag for display purposes at Village Hall. The Woman's Club was recently given permission to carry out plans for the beautification of both "parks" on the Drive. Water lines for sprinkling purposes will be run shortly to the areas so that shrubs and grass may be kept in good condition. As soon as the lines are installed, shrubs and plants, to be donated by nurserymen, will be planted under the direction of the Woman's Club.

Wilson Electrical Service Thanks Firemen

Mr. Richard Wilson of the appliance service company located on Old Dixie Highway, north of the "gate" in a letter to Mr. Charles Saxer of the Volunteer Fire Company expresses his deep appreciation and thanks to the firemen of the Village who through their efforts saved his building from being destroyed by fire. The Wilson store is next to Nix Sign Company, which was completely destroyed in an early morning blaze last Wednesday. Both trucks from the Village were present and on arriving at the scene, protected the Wilson building as the Nix structure was too far gone to save.

In appreciation of the service rendered, Mr. Wilson wrote the following letters to the Wilton Manors, Oakland Park and Fort Lauderdale fire companies:

Please express my sincere appreciation to all members of your organization for the splendid way they protected my property at 2650 N. Old Dixie Highway, last Wednesday morning.

It really is a great satisfaction to know that life and property can be protected by the cooperation of willing neighbors.

Sincerely,
(Signed) Richard L. Wilson

FIRE DESTROYS NIX SIGNS

Destruction by fire of the home and business of R. A. Nix on Old Dixie Highway occurred early last Wednesday morning. The building was completely destroyed as well as the business equipment and personal contents. The loss was estimated by Mr. Nix as approximately \$5,000 of which part of this was covered by insurance.

The fire broke out about 3:10 A. M. According to Mr. Nix, he had been working on neon signs up to midnight and had retired for the night when he was awakened by an explosion and found the interior in flames. (The explosion was heard for some distance.) Mr. Nix, the sole occupant, was only able to don a pair of pants and get outside to remove his truck and car, parked close to the building. A passing motorist turned in the alarm and both of the Village trucks responded as well as Oakland Park and Fort Lauderdale.

Upon arriving at the scene, the building was practically destroyed, and the firemen used their efforts in saving a small building to the north and Wilson Electrical Appliance Service building. A small amount of damage was done to both of these structures.

Mr. Nix expresses his thanks to the many people in the area who so kindly donated clothes as all of his personal wear was destroyed.

Dean Renders Report Refuse Collection

A partial report on the survey being conducted by Councilman Dean regarding the collection of refuse and garbage was presented to the Council at the recent meeting. Mr. Dean has advocated that the Village do the collection from the homes by its own truck. A complete report will be submitted in the near future to Council as to cost.

THURSDAY, JULY 3, 1952

CAP to Hold Bar-B-Que on 4th

The Civil Air Patrol will hold a Bar-B-Q picnic on the 4th of July at National Guard Armory at Broward County Airport. The day's activities start at 1 P. M. One of the conveniences for those attending is the free nursery with an attendant in charge to take care of the real young children.

According to the committee, there will be something to do all day and evening from 1 P. M. till midnight. There will be aeroplane rides by Florida Aviation Co. at a set fee, auction at 4 P. M., amateur contest at 6 and dancing from 8 to 12. Bar-B-Q for adults is \$1.75 and children \$1.00. All proceeds will go to the CAP Cadet Training Fund. Tickets may be purchased by contacting Major L. L. Dameron of 900 Swanee Drive.

Sunday Afternoon Fire Threatens Subdivision

By Tommy Hinds, Jr.
Serious damage was averted this past Sunday, by the prompt action of Wilton Manors Volunteer Fire Company when they responded to a call in the Sunset Manors development to extinguish a brush fire. The fire was in the brush in the undeveloped section which threatened a building, housing farm equipment and storing combustible materials, according to the police.

First on the scene was the company from Highland Estates section and extinguished the fire which threatened the building. Cause of the fire was undetermined by Chief of Police Richard Beaney.

Construction Manager Submits Report

Construction Manager Vanditti reported to the Council that approximately 90 percent of the installation of the water system has been completed. A short section of installation of 3" lines has been temporarily held up due to the lack of this size pipe on account of the "steel strike."

Water meter installations are progressing rapidly according to Mr. Vanditti.

Village Attorney Miller Reports on Water Contract

Village Attorney Miller reported to the Council that he has been in conference with John E. Morris, Jr., representing members of Highland Estates Civic Club, Inc., as to the status of the question as to the right of ownership of the physical assets of the water system in that area.

Mr. Miller stated to the Council that the determining question was to the title of ownership. It is expected that this question will be solved soon and a report presented to the Council. In the meantime, the balance of \$4,000 for the system, according to a contract made by the former Council, will be held up until such time as to "who owns the system."

Village Council Approves Development Plats

At a special meeting of the Council held last Thursday night, plats for various developments in the community were approved. These included Coral Gardens, Middle River Estates, Sunset Manors (addition), Webber Heights and Hillbrook. Building is expected to begin shortly in the various developments. In some, roads have already been installed.

Our Sincere Thanks

To the fire companies of Wilton Manors, Oakland Park and Fort Lauderdale for their untiring efforts in preventing the destruction of our building at the recent fire of Nix Signs, adjacent to our property.

We take this opportunity to express our deep appreciation for a job well done, in preventing what might have been a more serious fire and which could have wiped out the other business establishments in that area.

Village Refuse Ordinance Held In Abeyance

President Earl Middleton of the Village Council reported that he has received three complaints about the unsightly conditions existing in the rear of various business establishments in the Village.

Only a short time ago Mrs. Morgan Bryan of N. E. 23rd St., appeared before the Council, objecting to the rubbish and trash which existed in the rear of stores.

Village Attorney Miller has already prepared an ordinance, covering the situation, but such ordinance is held up temporarily until the Village determines if they wish to have the garbage picked up under the present method or "go into" their own "pick-up" system. Councilman James Dean is making a survey of this matter and is expected to have a complete report for the Council at the next meeting.

SOCIAL SECURITY INFORMATION

Fort Lauderdale's social security office reports today that, as of Dec. 31, 1951, old-age and survivors insurance benefits each month to people in Broward County amounted to \$230,000 a month. These are the latest available figures.

Paul L. Byrley, manager of the office, points out that these payments go principally to retired workers over 65 and their wives and children, who receive about 80 percent of the total benefits. Widows and children of deceased workers receive the other 20 percent of these monthly benefit payments.

"These are insurance payments," Byrley points out. "They replace a part of the earnings lost to the family because of old age or death of the family's insured breadwinner."

The average social security payment to a retired worker in Broward County is \$38.29. Average payments to a widow with two children in the Broward County area are about \$90 each month.

Even though old-age and survivors insurance replaces a substantial part of the income lost to the family when the wage earner retires or dies, Byrley points out that the insurance generally replaces less than half of the lost earnings.

In Broward County there were 3392 persons collecting old-age and survivors insurance benefits as of Dec. 31, 1951.

that it will take \$18,000 or over all a total of \$76,529.11. The construction manager's fee is 10 percent of the project or \$7,652.91. This figure totals \$84,182.02. The inventory shows \$3,981 leaving the total estimated cost of \$80,201.02 as previously mentioned.

The estimated cost of the line to run under the railroad crossing, according to Mr. Vanditti would be in the neighborhood of \$2,500.

Crowe and Vanditti Report Cost of System

A letter from Engineer William Crowe, of Black and Associates, who are in charge of the plans for the water distribution system for the Village, was read at the recent Council meeting of June 24th.

Two projects were under consideration by the engineering firm, one for the installation of the 6" main on 24th Street and the other for a main to go under the F.E.C. R.R. crossing. Mr. Crowe stated that, in his opinion, both of the projects were laudable but at the present time only one could be undertaken, due to the fact that the total cost of the system was not known at this particular time. The 6" line has been approved however and the R.R. crossing line has been held up temporarily.

Mr. Lou Vanditti of the Intercounty Construction Corp., Construction Managers for the Village, reported that the total estimated completed cost was \$80,201.02. Up to June 17th the approximate cost has been \$57,929.11. It is estimated to complete,

B & C WOLVERINES-TURF

Captain Art Breslin and Leon Teague started as if the Wolverines were out to put their team in first place when they took over Bobbie and Willie Freitag in the first game, winning 21 to 7. Then Fred Neuman and Martin Englesen of Turf came back defeating Joe Hardmeyer and Charles Fuller 21 to 9. Marge and Eddie Clark of Turf, pulled one out of the fire when they took Herb Amos and Jim Curto 21 to 16. Marge Burns and Al McKensie kept B & C in the running when they defeated Cliff Stockton and Fred Neuman of Turf by the score of 21 to 18. John Condon and "Radio" Hope kept B & C out front when they defeated Al Namais and Duke Carlson of Turf, 21 to 18. From then on it was all Turf as Cliff Stockton and Eddie Clark took over Don Hunt and Al Lampson 21 to 18. Al Namais and Duke Carlson came back in the final game and beat Bob Woods and Ed Duffy of B & C 21 to 11, giving the match to Turf 4 to 3.

Village Council Highlights

The Council recommended that a refund of \$50.00 be given the Woman's Club. This amount was donated by the Club for beautification and has not been used by the Village.

President Middleton was authorized to sign a waiver letter presented by the Broward County Mosquito Control. This had reference for permission for spraying by plane over the Village area. The Council was informed that they would be notified when such spraying was to take place.

Mrs. Marcia Stafford, Village Clerk, was given a well deserved raise from \$25 to \$50 monthly. All of the Council felt that the Clerk had given more time in the last few months than ordinarily would take place in the course of a year.

As a matter of caution, the water department requests that property owners refrain from covering the meter boxes in any manner so that the meters can be readily located by the meter reader.

Payment of \$220.04 was authorized by Council for furniture of the water department office at Frank Miller's Hardware Store.

A petition bearing the signatures of 59 people was presented to the Council by Louis Vanditti. The petitioners objected to issuance of permits for duplex homes.
