WILTON MANORS BULLETIN

OAKLAND PARK

VOL. 2—NO. 18

WILTON MANORS, FLORIDA, THURSDAY, AUGUST 14, 1952

BETWEEN YOU AND ME

By Tod

Work on the new store of Wilton Manors Furniture on the Drive is coming along in fast shape. The store when completed will be one of the most modern in the area and will have floor space second to none in furniture stores in this vicinity. Announcement has been made that due to the expansion program being carried out by Wilton Manors Furniture, Mr. James Osinga as of Monday became affiliated as a partner in the organization. Both Mr. Elmer Elfers and Mr. Osinga, owners, are conducting business at their present location. Mr. Osinga was formerly associated with Powell Tire store in Fort Lauderdale.

Mr. Al Muzzell and family (Electra-Pliance) have left for combined vacation and business trip up North. Mr. Muzzell, upon his return will have a new stock of merchandise on display in his new store addition.

Councilman Frank Starling and family have returned home from a trip up North. Frank came back in anticipation of a Council meeting—but evidently the date of the meeting was for the 12th instead of the 5th.

A belated welcome is extended to Mr. and Mrs. W. J. Dickens of 501 N. E. 25th St. The new residents of the community came from Miami and have as house guests both Mrs. Dickens' mother and Mr. Dickens' mother.

Here's one for a little laugh—and no offense intended. It seems that recently, our City Engineer Dunton was shoveling some rock in the back of the water department truck and Chief Dick Beaney happened by to see what was going on. In the meantime one of our Village women motorists happened along and inquired whether or not a new addition had been made to the "road gang." She really thought that "Dick" was guarding the "prisoner."

Mrs. Frank Hainey and daughter Mary Sue are taking a course of instruction in Bible study at Lake Junaluska, N. C. Mrs. Hainey, upon completion, expects to instruct at Park Temple Methodist Church.

Fire Company News

By Sec. Harry Wells

Just as a final reminder, the drive to solicit funds for the Volunteer Fire Company will start Aug. 16 and continue through Aug. 30.

Between the 12th and 15th, all residents of the Village will receive a written request for funds to support the local Volunteer Fire Company. Chairman Les Bagwell is in charge. This written request will be followed up by personal visits between Aug. 16th and 30th. Your support will be deeply appreciated.

Deferred Pay Plan For Water Service

When the installation of water meters was first started a policy was adopted, upon recommendation of the City Engineer, that all meter installations should be paid for within ten days. The chief purpose for adoption of this policy was to collect the \$15,000 spent for meters so that this money could be used for service mains to other customers.

At the time this policy was adopted, the Council as a whole, stated that they did not want to work a hardship on any possible consumer of water. In view of this, the City Engineer, was instructed to grant deferred payments to all persons who felt that they could not pay the entire amount at once. The Council feels that this decision on deferred payments should be given wider publicity. They still feel that perhaps there are many potential water users who would hook up to the water system immediately if granted deferred payments.

The deferred payment plan in effect at this time is that one-fifth of total cost of meter installation is to be paid for at the time of application for water service. The remaining four-fifths is to be paid at the rate of one-fifth per month on the next four monthly water bills.

The payment plan, outlined above, will be extended to those who now have their meters installed but not paid for at this time. Application for deferred payments can be made to the Water Department office at Miller's Hardware Store, 2117 Wilton Drive.

Women's Club Benefit Party, August 19

The Women's Club of Wilton Manors will hold a benefit dessert canasta and bridge party on Tuesday afternoon, August 19th at the Village Hall. Prizes will be awarded the winners. Donations will be 50c a person. The hostesses for the event will include Mrs. William Brown, Mrs. Herbert Johnston and Mrs. O. V. Mahan.

The club also held a card party last Tuesday afternoon. The hostesses were Mrs. Maby Thomas, Mrs. Clayton R. Leaver and Mrs. Arthur Morey. Members attending consisted of Mrs. Ethel Gallup, Mrs. Matthew Mattmuller, Mrs. Delcia Sullivan and her sister, Mrs. Desneiges Dary of Massachusetts. Other members attending included Mrs. O. V. Mahan, Mrs. Herbert Johnston, Mrs. W. W. Brown, Mrs. John Freudenthaler, Mrs. J. A. Boyd, Mrs. Edward Weseloh and Mrs. John Mullock.

Guests present were Mrs. O. W. Roberts of Oakland Park and Mrs. Ira Bartley, Mrs. Nettie Overbeck, Mrs. C. R. Cone, Mrs. H. C. Dew, Mrs. Harry K. Powell and Mrs. Harrison Mann, all from Oakland Park Women's Club. Other guests included Mrs. Walter Keeman, Mrs. O. M. Dunton and Mrs. B. W. Harwood of Wilton Manors.

NEWSY NOTES

It was an expensive cup of coffee that Bill Linder, airport employee of Broward County Airport had last Saturday morning. According to the story told the Sheriff's office by Linder, he left the airport office for ten minutes for a cup of coffee, between 9:20 and 8:30 A. M. Upon his return he found that \$726 was taken from an unlocked desk drawer in the housing office.

Deputy Sheriff E. R. Fletcher said entry was gained into the office through a rear window after the screen had been cut. The desk drawer was unlocked, Fletcher said.

Linder returned to the office at the same time that some children were starting to enter the front door which was found open. Linder said he had locked the door when he left.

Fletcher said the thief apparently had started to leave the office when he saw the children and Linder returning. The deputy said the thief then probably went out the rear window.

According to Clerk W. E. Bunch, Jr., the Broward County Criminal Court of Record will not convene until August 26 unless something of major importance occurs. Mr. Bunch stated the Judge W. T. Kennedy and County Solicitor Otis Farrington will be on vacation. The regular Tuesday plea days will be cancelled until Aug. 26 and jury trials will resume on Sept. 8.

Mrs. Rachel Rudolph, clerk of the Broward County Selective Service Board announced that 22 Broward County men will report for induction into the armed forces on Wednesday. These men will be among a group of 32, which includes 10 transferees from other Selective Service Boards.

J. H. Philpott, consulting engineer and former Fort Lauderdale city manager has been engaged on a part time basis to take over the duties of port engineer of Port Everglades. This was necessitated by the resignation of Fred Stewart who has held the office for the past fifteen years. Stewart submitted his resignation several months ago. The port board, in a resolution, expressed regret over the termination of Stewart's services.

We note that Manor Market is getting its ground in the rear of its present store in condition for its renovation program.

Thanks to Al Hagen the ball field near the school will be equipped with flood lights. Mr. Hagen donated the lights from the golf driving range to the Kiwanis Club. Kiwanis Club members will remove and install the lights so that in the future night ball games can be held at the field.

The Manor Service Station, Pat Dickson, has installed a 24-hour Road and Wracker service. The Manor Service maintains AAA service in this area. Service is available in the day by phoning 9157 and night calls are taken on 2-8716.

Mrs. Harold Broliar has returned to the Village after a recent vacation.

We note that Daniel of the Tropical Club Patio Restaurant has branched out and is in charge of the dining room at the Kae-Win.

See where Ole Bill's (Bill Hickson) has improved the roadway in front of

(Continued on Page 4)

Manor Market Building Permit Expected To Be Granted

WARNING

The Police Department announces that from now on motorists who fail to observe the "stop street" signs will be given tickets. The police officials have pointed out that numerous drivers in the Village just ignore the "stop street" signs. The Police Department states that drivers of cars must come to a COMPLETE stop before proceeding.

The final act of the Council for approving the application of Manor Market for improvement of their store and addition to the building was expected at the Council meeting on August 12th. The matter has been before the Council for many weeks and the applicants wish to get the work under way immediately.

The Council at a recent meeting by a vote of 3 to 2 favored the granting of Manor Market's request. The motion passed by the Council at their recent meeting was that the zoning in block 47 shall be that lots 13, A, 11, 10 and the south 62.51 feet of lot 9 shall be zoned as B-1, provided however, that said motion shall not take effect until an ordinance or ordinances are drawn restricting all truck traffic from N. E. 23rd St. between 5th and 6th avenues and further provided that a proper sanitation ordinance is enacted.

Village Attorney Miller is expected to have the ordinances prepared so that the actual permit can be granted to Manor Market by the Building Inspector.

Already the owners of Manor Market have cleared the ground in the rear of their store in anticipation of starting construction. The plans as presented show that a paved parking area will be provided and all refuse and garbage will be kept in enclosed bins. It was pointed out that deliveries will enter at the entrance on 22nd Street.

At a recent meeting it was also pointed out that Manor Market through the sale of cigarettes has contributed many thousands of dollars in tax monies to the Village treasury. In addition, the owners have participated in every worthwhile civic function in the community, not only lending their moral but financial support.

Village Building Operations Expected To Be High

According to reports of Building Inspector Robert L. Newton, approximately \$586,000 in permit valuations have been issued in the Village from Aug. 1, 1951 to Aug. 1, 1952. Inspector Newton feels that well more than \$1,000,000 will be issued before the close of the year.

This figure is conservative when it is to be considered that the anticipated building of Food Fair will run well over \$200,000 and Manor Market improvement in the neighborhood of \$75,000. Ridge Construction Corp. of Miami are contemplating the erection of 26 homes at N. E. 26th St. and N. Andrews Ave. Extension, adjoining the Sunset Manors development. Other developments include Coral Gardens, which adjoins the Middle River Estates and Weber Heights, all of which are east of the F.E.C. R.R. The Perry Mickel subdivision is going along nicely and many new homes are to be erected in that area as also a subdivision which adjoins the Mickel property. Tropical Gardens, Al Hagen, expects to begin development of his properties as soon as the zoning map is completed. It has also been intimated that Amato Construction on 26th St., now in the County, anticipate to annex to Wilton Manors. In addition Maule Industries, according to plans, will begin adding to their building operations.

Hagen Donates Lights To Kiwanis for Ball Field

An announcement has been made by the Kiwanis Club that the flood lights on the golf driving range on Wilton Drive have been donated to the Kiwanis by Al Hagen. The lights will be removed to the new baseball field at Wilton Manors School. The Kiwanis expressed their deep appreciation for the generous gift from Mr. Hagen. A group of Kiwanis members last Saturday were engaged in removing the lights. Those taking part in the operation included Duke Hartman, Carl Turner, Vern Burnell, Gene Guffy, Emmott Vernon and Bill Karsten.

Mrs. Netta Kessler, supervisor of nurses of the County Health Department was the recent speaker at the regular meeting of the Kiwanis. She outlined the duties and functions of the Department, pointing out that the main objective was in the enactment of preventive measures.

Earle L. Middleton Heads Better Business Bureau Steering Committee

An added service to merchants in the Village and area is the contemplated establishment of a Better Business Bureau in Fort Lauderdale. Earle Middleton, president of the Village Council heads up the steering committee of 17 members from business groups affiliated with the Chamber of Commerce.

According to John Monahan, president of the Chamber of Commerce, which has sponsored the move, the bureau will be in operation in about three months. It is expected that, when the bureau is established, a full time paid executive will be in charge to direct the activities.

Other steering committee members besides Mr. Middleton include G. W. Bement, Kenneth Bailey, Joe Hudgins, H. W. Boyd, Charles Runge, H. P. Greep, Harry Lunger, F. E. Titzenheim, Fred Snedden, Richard Harris, Thomas C. Keator, Dr. L. U. Lumpkin and R. V. Roberts, chairman of the retail merchants division of the Chamber of Commerce.

Wilton Manors Kiwanis Tied for Second

Wilton Manors Kiwanis ball team is tied for second place with the Downtown Kiwanis Club in the Service club league. The local Kiwanis Club defeated the Beach Kiwanis 9 to 6 in a fast, well played game. Toms led the local contingent with three hits while Owens, Grose, Moore, Titus and Pryor had two hits each. The winning pitcher was Haun. The Jaycees lead the league with 3 wins without any losses.

Deerfield "Strike" Still Stymied

The week-old strike between parents of Negro pupils in Deerfield Beach and Broward County school authorities is still in a deadlocked stage. O. K. Phillips, County Supervisor of Education, stated that he and others met with parents but no solution to the boycott was reached. The situation came about when Deerfield Beach Negroes requested that there be no split term school sessions this year.

The supervisor explained that the Board of Public Instruction has ordered that the classes be continued this month but that the sentiment expressed last night by the parents indicated they intended to continue to keep their children out of the school.

The school board opened Negro schools in North Broward communities in August, a month earlier than anywhere else in the county.

This practice has been followed so that the Negro children could be employed in the bean fields in that area during February. The schools will close during that month.

Final Pipe Delivery Expected Shortly

Intercounty Construction Corp., Construction Managers for the Village water system, have notified the Water Department that word has been received that all pipe, fittings, etc., necessary to complete the water system are expected to be delivered in the Village within the next ten days.

As soon as this material is received work on the final phase of the system will be completed.

The delay in the completion of the water system was on account of the pipe being unavailable, due to the recent steel strike.

Mary Ann McNiff Dies Suddenly

The sympathy of the Village is extended to Mr. and Mrs. Thomas McNiff of 226 N. E. 23rd St. Their daughter, Mary Ann, 3 years old, died at Broward General Hospital on Friday. Mrs. McNiff was in Pittsburgh where their son Tommy is hospitalized. The body of Mary Ann was sent to Pittsburgh for services and burial. Survivors include her parents, two brothers, Thomas Charles and William Gerald of Wilton Manors and her paternal grandparents, Mr. and Mrs. Joseph McNiff of Pittsburgh. Fannin Funeral Home was in charge of local funeral arrangements.

Officials Suggest Stripes for Convicts

If prison officials, both state and county, and Sheriff Hall recommendations are carried out, convicts in institutions will be garbed in stripes. Hall has stated that he will ask the 1953 state legislature to pass a law re-adopting the traditional striped uniforms for prisoners.

In the wake of five prison escapes the past few months, officials are convinced that they would have captured more of the convicts if they had been wearing striped uniforms. Since 1948 state prisoners have been wearing plain denim clothes. County prisoners

Employment Outlook Appears "Good"

According to an announcement by the Florida State Employment local office, the employment outlook for Broward County is good. Records of benefit payments show that Broward County has had a relatively small proportion of the state's unemployment.

Expected increases in construction for the next two months should prevent the number of jobless from climbing above the present level, the report said, despite the probability of further cutbacks in some seasonal industries.

The outlook in trade establishments is for a slight increase in demand for clerical and sales personnel to serve the summer tourist trade. Factory employment probably will show a slight rise because of scattered defense contracts.

While employment in service industries is expected to remain at a

low abt until October, the fields of real estate, insurance, finance, transportation, communications and public utilities will remain firm through September, the report said.

Construction employment increased almost 14 per cent from April to June.

The number of jobless in the county was estimated at 1,200, an increase of one-third since April.

Mrs. Newton's
Experiences at
Training Camp

Make new friends, but keep the old. One is silver and the other gold—was more or less the theme song of all the students at the Edith Macy Training School, which I attended, along with Girl Scout leaders from all over the United States and many foreign countries.

I met my first new friends in Grand Central Station, as I walked up to the gate to catch the train from New York to Pleasantville. I saw two girls in foreign uniforms, which I recognized as Girl Scouts from Estonia. The fact that my own troop 43, had spent most of last year making dolls dressed in foreign uniforms of Scouts was responsible for me to exclaim: "Oh, my dollies." The Scouts immediately burst into laughter, after I explained what I meant by that remark. They in turn looked at me in surprise and said, "But you are not brown," when they learned that I came from Florida. When we reached the school, the news got around about our meeting in Grand Central and the two beautiful Estonians were known thereafter as "Gracie's Dollies."

One of the first assignments we had in my unit was to lower the flag. This struck me as being quite a nice carry-over from our own flag raising on the 4th of July here in the Village. For the next ten days I learned to raise and lower the American Flag, United Nations Flag and the Girl Scouts' World Flag. I learned the International Pledge used by Girl Scouts when visiting a foreign country and in addition the method of raising and lowering their flags.

The whole training course was a sort of give and take. We in our own U. S. A. had many ideas and experiences to share with each other. These included camp outs in Vermont, which are different than in Florida. A camp out was enjoyed at Bear Mountain, which was great fun in summer, but I am afraid I wouldn't care for it in winter. We spent many hours discussing Scouting in different parts of the U. S. In the evening at dinner and after, we were with leaders from

foreign countries. One night at dinner the Egyptian seated on my left asked: "Will you please tell me what I am eating?" I looked at her in amazement and said, "You are eating pork, red cabbage, yellow squash and a tomato salad. That started the questioning. The Estonians thought the squash was cooked cucumbers. I found myself trying to explain all about the lowly cabbage and squash families to these girls who had never seen them before and I had quite a time making them understand. I discovered that our own climate here is very similar to that of Egypt and we have many of the same plants.

My nurse was Chinese and I must say she was a very good nurse and had quite a sense of humor when she wrote in my mamory book that she had a birthday anniversary. The Korean lady did not look like the Chinese as I had expected nor did the people I learned many things but most of all they have gained from me a deeper respect of the hardship which they have endured. In spite of it all they were very gay and taught us interesting dances and games.

Another interesting person I met was Miss Elizabeth Heartley from London and she was proudly showing her picture with Queen Elizabeth. This picture was taken at "Foxlease," which is the Girl Guides' headquarters in England. Miss Heartley is in charge of Girl Guides, as Scouts are called in England. She explained that Queen Elizabeth still likes to slip off to her old Scout headquarters whenever she can find time. "Foxlease" was given to the English Scouts by a wealthy American and is a very beautiful building—so I can't blame Miss Heartley for being proud of her headquarters.

The English, like a good many of the European countries, do not have enough meat to eat and I couldn't help noticing how they enjoyed the good meals that we had at Camp Macy.

I enjoyed living with people from all over the world, as we lived at the camp. Here we were all Scouts and believe in the same things and live the same ethical code. I doubt if any group of people could ever live so happily as we did, without being Scouts.

The one new friend that I made that I truly love more than all the others, though I liked them all very much, was Miss Marcelle de Mculenmatr. She came from Brussels. I hope she will be able to accept my invitation to visit me in my home so that all my friends may meet and know this wonderful Scout.

Now I am anxious to share my information with my friends at home and especially the Girl Scouts. We spent many hours actually learning all about campcraft, troop government and program planning and other Scout activities so that I will be able to pass on to other leaders when I visit with them as their Troop Consultant.

Spotting Post
Opens Friday

The aircraft spotting post at Bahiamar tower, under the supervision of the Air Force, will begin operation this Friday. James S. Graham is in charge of the local post and will be assisted by Mrs. Carolyn Young.

A final instruction period for spotters will be held this Wednesday night at the commission room at City Hall. According to officials, more volunteers are needed for this important civil defense work. Each volunteer will be obligated to spend only two hours weekly at the aircraft spotting center.

his place of business on the Drive. In addition, Bill is shellacking his pretty knotty pine woodwork in the interior of his store.

L. L. Dameron (Speedy) who is a major in the Air Force Reserve and prominent in CAP circles is on vacation. Major Dameron is taking a two-week intensive training course at Panama City.

See where Les Bagwell of Tropical Paint is giving an attractive yellow background coat of paint to his sign.

According to police records, Officer Bob Hickman arrested Willie Dykes on an alleged charge of intoxication. According to Officer Hickman, Dykes claimed that he imbibed too freely and ceded to "bed" down in his car parked in the road on Old Dixie. Dykes, according to the police officer, said it was the second time that his car got him allegedly intoxicated and as a result he decided to turn the car back to the finance company. Dykes will be tried on the alleged charge on Friday.

Officer Bob Hickman while out on patrol noticed an F.E.C. R.R. railroad car on fire. Proceeding up the Old Dixie, the alert officer, flagged the train and extinguished the fire with the police extinguisher. Nice work, Bob.

The police department is working in conjunction with Duke Hartman of the Red Cross in setting up organization work in the Village regarding hurricane and storm disaster. The subject was discussed at the Volunteer Fire Department meeting at the Village Hall this past Monday. The matter will be presented also to the Council.

Understand that Prospect Bar on Prospect Road, near Oakland Park, is going to re-open its bar-b-q pit on August 30. Sounds good.

Speaking of bar-b-q, Lillian Kardamis at Old Hickory is really serving a delicious sandwich.

Speaking of "eats," we note that Phil's Diner, recently enlarged and renovated, is getting a "good play." There must be something to their well-cooked quality food.

Principalship Post Goes to Wolfe

Arthur B. Wolfe of 315 N. E. 25th St., president of the Village Zoning and Planning Board, has been named as principal of Hollywood Central School. Broward County Supervisor O. K. Phillips made the announcement.

Mr. Wolfe has served as assistant principal and dean of boys at Fort Lauderdale High School for approximately the past three years. Previous to this post, he taught in the county school system.

The appointment of Mr Wolfe brings added responsibilities as the Hollywood school is the largest elementary school in the county system. Mr. Wolfe came here from Gratton, West Virginia in 1947, where he was principal of schools in that state. The new principal is a graduate of Duke University and served in the U. S. Navy during World War II. He is an officer in the Naval Reserve. Mr. Wolfe has been most active in Village affairs and is president of Wilton Manors Kiwanis Club.

Girl Scout News

All Girl Scouts, Leaders and Committee members of Troop 43 are invited to attend a Troop planning and discussion at the home of Mrs. Robert L. Newton of 199 N. E. 24th St. on Thursday, Aug. 28. The time is 3 P. M. The meeting is planned at this time so as to avoid the rush of activities with the opening of the new school term. Mrs. Newton, who recently returned from a course of study at the Girl Scout camp at Pleasantville, N. Y., feels that many pleasant and exciting adventures are in store for the Girl Scouts this coming season. She urges all those interested in Scout work to be in attendance so as to be able to get off to an early start with a well-planned Girl Scout program.

Village Adds to Water System

Payment of \$2,000 has been made by the Village to Fort Lauderdale for the purchase of 71 meters and the entire system of mains now located in the Village of Wilton Manors. The people using water off these lines have been notified by the Water Department of Fort Lauderdale that water service from that source will be discontinued on August 16th. At this time the Village of Wilton Manors will begin supplying water to these consumers. Meters of the affected consumers will be read by the Water Department of Wilton Manors on the 16th.

Highland Estates Question Still Unsettled

A report as to the status of who owns the physical assets of the water system in the former Highland Estates section, is expected to be given the Village Council at their meeting on Tuesday night. This question has been hanging fire for some time and referred to Village Attorney Miller. The former Council entered into an agreement months ago for the purchase of the system for \$5,000 from the Highland Estates Civic Club, Inc. In the meantime, the question has arisen as to the legal owners of the system. Various citizens who have appeared before the Council have questioned the ownership.

B & C Take Lead; Healy's Second in Shuffleboard League

The B & C Wolverines, by defeating Turf in their match games in the Shuffleboard League, took over first place in the team standings. B & C won 7 games from Turf while Beacon won a thriller from Healy's at Healy's by a score of 4 to 3. Ever since the league was started, Healy's has maintained top position but now are in second place. Beacon still remains in third and Turf and Turf in fourth position.

The team standings:

	Won	Lost
B & C	53	31
Healy's	51	33
Beacon	44	30
Turf	20	64

BEACON AT HEALY'S
George Evan's Beacon team led off with Evelyn McKane and Bill Agnel defeating Bill Healy and Van Gorder 21 to 10. Eleanor Knight and Harry Brown, shooting for Beacon defeated Tom Thompson and Lou 21 to 9. Tom Thompson and Lou came back for Healy's and took over George Evans and Meredith Humphries 21 to 5. Bill Carhart and John Deland for Beacon defeated Jack and Bill Healy in a close fought match, 21 to 20. Anne Brown and Tom Hinds for Beacon "took it on the chin," losing to Pete and Annette 21 to 11. Pete and Annette came back for Healy's and defeated Mary Zimmer and Ed Knight 21 to 3. In the final, Harriet Whitmer and Ed Zimmer, for Beacon, defeated Frank Berto and Martha 21 to 6.
