NEWSY NOTES

Manor Market employes donated more than \$100 in the polio March of Dimes. Mrs. Ed French, the local chairman, expresses her deep appreciation to the mothers and all others who assisted and donated. The Village more than doubled its quota.

Mrs. A. W. Stichka is the new second grade teacher at Wilton Manors school. Mrs. Jean Parker is resigning her teaching position at the local school.

Mrs. Goldie Herrin, mother of Robert T. Hutchinson, has received word that her son has been promoted to the rank of corporal. Young Hutchinson is serving with the U. S. Signal Corps in Germany. Mrs. Herrin, who is employed at Phil's Diner, resides at 2800 Old Dixie Highway.

Mr. and Mrs. John Lutz and Mr. and Mrs. Ralph Heisey of Lebanon, Pa., who have been visiting in the Village, have returned to their homes. Mrs. Heisey is a sister of Laffy Werner.

Al Walker and Mike Stracee of Manor Service Station were recently inducted as new members of the Volunteer Fire Department.

With the installation of the traffic light at 26th Street-Old Dixie and the Drive, traffic is flowing much more smoothly and less confusion exists since the light has been installed.

The parking lot in the rear of Manor Market was utilized by the Kiwanis Club for serving of their pancake and sausage breakfast last Sunday. The mobile kitchen which was used is quite an outfit.

Intercity rivalry is on tap when the local Kiwanis Club and Lions Club of Oakland Park meet in a "donkey" baseball game at Oakland Park on the night of February 19.

Mr. and Mrs. Tom Brace of Reading, Pa., who have a winter home here on 25th St., are spending the month of February in the Village. Mr. Brace is a member of the Pennsylvania State Police and in a short time upon retirement, expects to make Wilton Manors their permanent residence.

Mr. and Mrs. Paul Reed of Manor Sundries are erecting a new home at Hillbrook development, off of N. Andrews Avenue.

Mr. and Mrs. Fred Shay and son, Fred, Jr., who hail from Lebanon, Pa., are visiting in the Village. Mr. Shay, Jr., expects to purchase a home here and make this his permanent residence.

Clifford E. Nerber and Angela Nerber have started a new and unique service for the Wilton Manors and Oakland Park district. There is the only business of its kind in this area offering both bookkeeping and secretarial service.

Mr. and Mrs. Nerber are permanent residents and live at 417 N. E. 23rd St. in the Village. They are graduates of Business College in Buffalo, N. Y.

Council Highlights Meeting of Tuesday

V.F.D. President Charles Saxer asked the Council whether or not the policy, which covers the "volunteers" who do fire duty, had been received by the Council. He was informed the policy had not been received to date.

Norman Malcolm, of the newly organized Long Range Planning Commission Board, made a report to the Council of the activities of that body. Mr. Malcolm reported that the "Commission" was making a study of correcting the city boundaries and also considering the enlargement of the corporate limits of the Village.

Clerk Mrs. Marcia Stafford reported that the sum of \$3,728.93 had been received in cigaret tax monies for the month of December.

Former President of the Council Al Hagen, who is the chairman of the newly organized Planning Commission, in conjunction with Norman Malcolm's report, told the Council that certain other areas were being considered for annexation to the Village and included Lazy Lake, "the Golf Course" and sections of 26th Street.

Food Fair asked permission to install a dry well to take care of the water condition in front of their store. Mr. Hagen suggested that storm sewers be installed. City Engineer Dunton was given instructions to check the cost of such a procedure and report back at the next meeting of the Council.

Two bids for an adding machine for the water department was submitted, the National Cash Register Co. for \$307.13 and J. M. Taul for \$288. Councilman Frank Starling suggested that good "used" machines were available and that as a matter of economy it might be wise to "shop" around for a used machine. Mr. Dunton was authorized to look into the matter.

Arthur Chabot and also C. Wilson Brown questioned the Council as to when the water ordinance was to be amended. Many weeks ago the Council was to have Engineer Crowe of Black and Associates look into this question and report back to the board. Both Chabot and Brown contended that large users of water should pay less.

'Orchid' For Week To Mrs. Ed French and Mrs. C. R. Cone

The Orchid for the Week goes to Mrs. Ed French of Wilton Manors and Mrs. C. R. Cone of Oakland Park as chairmen of their respective communities in their supervision of raising funds for the March of Dimes. Both of the communities went well over their quota.

Wilton Manors quota of \$500 was well exceeded. It was reported that the funds collected in the Village amounted to \$1,077.30. In Oakland Park the quota was \$750 and approximately \$1,078 was collected. Both women are to be commended for their splendid efforts.

The Women's Club of Wilton Manors met in the Village Hall Tuesday afternoon, Mrs. Maby Thomas, president, presiding.

February Weather Forecast

Figures based on the average temperatures recorded by the Bahia-Mar Weather Station show that vacationers in Fort Lauderdale vicinity can expect a general average weather temperature of 66 degrees during February. The average maximum temperature recorded for February is 72 degrees, and the average minimum 60 degrees. There may be about 5 days with some rain, and only 3 days with no sunshine. There might be 5 days with winds of approximately 25 miles per hour with one day of gusty winds. Lowest temperature at any time this month should be about 44 degrees.

So make plans for a full February of fun in the sun.

EDITOR OF BULLETIN THREATENED AS A RESULT OF PUBLISHED STORY

As a result of a published story in The Bulletin in last week's issue, the Editor of The Bulletin was "threatened" by Police Officer Robert Hickman—that "he would be sorry" that the article was published in the paper.

The "threat" was made by the police officer Friday night when the Editor was going into a place of business, directly across from the Food Fair, where Officer Hickman, in WILTON MANORS police uniform, was doing duty.

Beaney Answers Bulletin Bulletin Answers Beaney

Police Chief Richard Beaney, in a letter to the Council which was read at the meeting last Tuesday night, "explained" that the officers of the department directed traffic on their "own" time into the Food Fair parking lot, on the opening of the store, and were paid by that establishment for their services.

The Chief mentioned that this was in answer to an article published in The Bulletin last week. Chief Beaney further stated that the officers were given permission to perform these duties and that the Village was not unprotected as regards police being on duty.

In answer to the letter of Chief Beaney, the Editor of The Bulletin stated to the Council that he "had no apology to offer" for the published article resulting from questions asked by various citizens and businessmen of the community as to members of the Police Department of Wilton Manors directing traffic. The Editor further stated that a meeting of the Council was held on Tuesday, the day prior to the opening of the store, and the matter should have been called to the Council's attention at that time.

GIRL SCOUT TROOP 43

By Martha Lynn Davis
Scribe

On the 31st of January our troop went skating. We rode the bus down to the skating rink and hiked part of the way back. Mrs. Newton and Mrs. Davis went along as our adults.

At our meeting on February 7, we elected two new officers. Phyllis Carter is our new secretary and Martha Lynn Davis our scribe. February 6 a meeting of the Court of Honor was held and Elizabeth Van Arsdall was elected as our treasurer. At our troop meeting on the 7th we made plans for the rest of February and for March. Next week, on the 14th, we will have our Valentine party. On the 21st we are having a glamour party. Mrs. Gilliam, who sells the Peggy Newton cosmetics, will show us how to apply makeup and also will show us which cosmetics would look best on girls of our age.

Two weeks ago, on January 24, the Girl Scouts went to the Women's Club bazaar where we saw the exhibits. The two that interested us most were some dolls and some ceramics. Mrs. Mullock will show us how to make dolls on the 28th of this month. Mrs. Brown will show us how to paint ceramics some other day.

March 8th, which is Juliette Lowe's birthday, we are going to have a Juliette Lowe tea. We are inviting all the troops in Wilton Manors and Oakland Park. Our honored guests will be Mrs. Very from Denmark and Mrs. Joseph Watson from Hollywood, Fla.

On March 21 we plan to have a gab session so that some of our talkative members may get it out of their systems.

Then on the 26th of March we are going to have some troop dramatics.

We think we will have fun and that our schedule is full enough to keep us busy for a while. Don't you?

Officer Hickman was evidently "peeved" as a result of an article published in The Bulletin under the caption, "It Has Been Called to Our Attention." The published story in last week's issue referred to various questions asked by citizens and businessmen in the Village as to why WILTON MANORS POLICE, in designated WILTON MANORS uniforms, should be used to direct traffic on a PUBLIC highway into a private parking lot—Food Fair's.

The article in The Bulletin was published because these various citizens had asked why all this service was given to a private establishment.

To have avoided any controversy or doubt on the citizens' part as to the "right" of police on a public highway directing traffic into a private enterprise, even though the officers were working on their "own" time off, it was pointed out by various people that a special meeting of the Village Council was held on Tuesday, February 3, and that the Food Fair opened on February 4, and that Chief Beaney and Officers Hickman and Currie were present at this special meeting, and could have explained their positions to the Council so as to avoid ANY CRITICISM OR DOUBT in the minds of the people of the community. At the special meeting of the Council, no mention was made that the police officers were going to "direct" traffic on their own time. (It has always been our understanding that a paid policeman or fireman of a community is "on call" 24 hours a day.)

The Bulletin has at all times cooperated with the community, and we feel very confidently, with the POLICE.

Our columns have been "open" for all activities of the department . . . and they have been varied. The police have done a "swell" job in the community in their safety program, traffic and general police duties . . . BUT after all this is still AMERICA, not RUSSIA, and if in OUR "opinion" we do not agree with the "high" and ALL MIGHTY POLICE DEPARTMENT EMISSARY, we feel that we would be derelict in our duty to our readers and citizens of the community in not bringing this matter to their attention.

The BULLETIN—is INDEPENDENT and not subservient to ANY political group, ADVERTISERS or INDIVIDUAL. The thoughts which are expressed are our own or other civic minded people of the community who are interested in WILTON MANORS.

Evidently the "gauntlet" has been thrown to us by an emissary of the Police Department, although he may be an "unauthorized" spokesman, but nevertheless—as an "old" New Englander, whose forefathers fought for INDEPENDENCE, in this good old U. S. A. — we accept the challenge.

TOM HINDS, Editor.

Fast service was rendered by the Police Department on Sunday morning answering the siren, calling them to respond to an auto accident on Wilton Drive. The siren was blown on three occasions before the officer on duty showed up.

**Income Tax
 Information**

March 15th is the deadline for filing income tax returns with the Bureau of Internal Revenue for most people. For many of the persons receiving Old-Age Insurance benefits in this area another report is due on March 15th. If it is not filed on time the beneficiary may lose some of his monthly retirement pay some of the Social Security Administration does not want that to happen.

The report that many retired folks will have to complete and submit to the Social Security Administration is called "Annual Report of Net Earnings from Self-Employment." This report is filed with the Social Security Administration.

All individuals under age 75 receiving old-age and survivors insurance benefits must file this report if the individual had net earnings from self-employment of more than \$900 for the full taxable year. If the individual dies, a representative of his estate should file this report. The report must be filed even though during the past year some or all of the monthly benefits were withheld because the beneficiary was self-employed and even though, because of personal exemptions, he owes no income tax.

The purpose of filing this annual report of net earnings from self-employment is to enable the Social Security Administration to determine how many month's benefits the beneficiary should have received for the past taxable year.

There will be no deductions from his benefits if his net earnings from self-employment during the past taxable year did not exceed \$900. If the beneficiary earned more than \$900 during the year, he forfeits one month's benefits for each \$75 he earned over the \$900 allowance.

However, regardless of the beneficiary's total earnings for the year, he may be entitled to benefits for any month in which he rendered no substantial services to his trade or business.

For further information, contact the Social Security Administration's Broward County office at 125 S. E. 1st St. in Fort Lauderdale.

**There's Sport
 In Snook Fishing**

The snook, or roballo, is the particular pet of thousands of anglers. Built something like a fresh water bass, except for the flat head, very heavy scales, complete lack of teeth, and a razor-sharp gill cover. (Don't grab a snook by the gills. They'll cut.)

Snook have silvery sides with darker back. The closer to the ocean the snook is found, the lighter in color are the scales. It has a dark, distinct lateral line down both sides. Usually found inside, hanging around pilings, mangroves, or anything else designed to cut your line when you've hung a snook. The range of this fish is restricted to warmer coastal waters. Appears also in brackish and fresh waters near the coast. Recently discovered in Bimini, Bahamas. Feeds on mullet, shrimp, and sometimes dead fish and crustaceans. Largely a surface feeder.

The snook is a real action-provider. When a snook is hooked, the water is turned into foam as Mr. Roballo dances and prances on the surface. He really puts on a display of acrobatics, should always be handled on relatively light tackle.

Snook may not be taken while trolling offshore. Sometimes—but infrequently—the snook is found in the surf. Most snook fishing is done, however, at inlets and near bridges of the Intracoastal Waterway and its tributaries. Use casting, fly or spinning tackle. The snook seems to feed most hungrily at night, on changes of tide. They make a loud "popping" sound when attacking live mullet, shrimp or chub on the surface, or when hitting a surface plug. Plug casters will find that almost any fresh or salt water lure, surface or deep, will attract snook when they're feeding. Fly casters say that yellow streamers and similar willow wand end tackle gets best results. When the snook strikes, let him have some line before setting the hook (if you're using live bait) due to the fact that the fish has no teeth but a hard, bony mouth.

**Joel M. Taul Wins
 Victor Award**

Fort Lauderdale City Commissioner Joel M. Taul, who is also distributor for business machines, was named "Dealer of the Year" in the United States last Thursday by the Victor Adding Machine Co. A. C. Buehler, president of the firm, made the announcement. Taul will be presented with a plaque from Victor in recognition of the title.

**Auto Accident On
 Wilton Drive Sunday**

Police were called Sunday morning about 10:30 a. m. to investigate an accident which took place on the Drive in front of Frank O. Miller's Hardware. Witnesses claim that a Ford car driven by a Negro and going at a fast rate of speed toward Lauderdale sideswiped a Buick car driven by Mrs. Delegal of Oakland Park Post Office who was traveling in the opposite direction.

The Ford, according to witnesses, narrowly missed colliding with another car at Manor Market prior to the later accident. It was reported that the car with Negroes was taking an occupant with a cut arm to the hospital.

Only fast action on the part of Mrs. Delegal averted a more serious accident. The left side of the Buick was damaged. Mrs. Delegal, it was reported, was severely shaken up by the accident. The Ford was damaged considerably. Officer Hickman investigated for the Police Department.

 Let's hope that the wrangle developing between interests that want the Miami Beach ball team in Lauderdale and those who are against it be cleared up. Transfer of the Miami Beach franchise here would seem like a good asset for the area and provide clean entertainment for not only the visitors but permanent residents.

Manager Keith Hendee of Wometco Gateway Theatre informs us that the plans for the new drive-in at North Andrews Extension and Prospect Road have been revised and the finished plans should be approved very shortly. The new drive-in will park 1,000 cars and will be one of the most modern of its kind in Florida. To complete the work and have the drive-in ready for opening is expected to take approximately three months.

According to figures released from Tallahassee, December was a record month on cigarette tax monies received in the state. Beverage Director Sam Davis, collector of the tax, reported \$1,830,361 compared to \$1,424,000 for the corresponding month a year ago and the previous record total of \$1,708,650 collected in last March. Wilton Manors will get its proportionate share from the sales of cigarettes sold by local merchants.

District Scout Commissioner W. P. (Duke) Hartman of the Village last week presented the Junior Chamber of Commerce a charter to carry on their program of scouting. The Jaycee's sponsor the Boy Scout Troop No. 110.

See where Rober Babson, famed business analyst, predicts an end to the Korean war this year. Babson also predicts a gradual drop in business in the middle of 1953 and feels that there will be a housing boom in small Florida cities. Babson is spending the winter at Lake Wales.

Sales at the Pompano Market for the first three months of this year is running \$700,000 behind last year's figures, according to figures recently released. Repeated cold spells and rain was given as the cause of the drop.

Fort Lauderdale unfortunately missed making its quota for the annual March of Dimes campaign. Wilton Manors and Oakland Park went well over the "top."

Noticed Fritz Greenboom of Oakland Park Water Department making installations on Prospect Road for the North Andrews Garden development. Seems as if Fritz does everything pertaining to the water department in that municipality including running the plant, installations, repairs, meter reading, etc. He sure is a valuable man for that municipality and possibly one of the main reasons that the department is on a paying basis.
