Middleton Keeps Top Post

Village Council Acts On Zoning Law, New Policeman, Other Top Issues

The Wilton Manors Village Council, with two of its members beginning new terms on the board, passed some important legislation during its regular meeting Tuesday night, including, on first reading, a new zoning ordinance to control the orderly growth and development of the Village. It provides three designations: R-1, R-2 and B-1. The R-1 areas will be restricted to single family dwellings, churches, public parks and so on; R-2 property owners may also build duplexes, apartments, hotels, hospitals, clinics, private clubs, private schools, maintain professional home offices, etc.

In the B-1 classification come all of the business activities permitted under the act, but many types of structure are expressly prohibited: fortune tellers, psychics, junk dealers, auto wreckers, radio towers and businesses whose operations mean excessive noise, smoke, fumes, hazards, etc.

The ordinance, when passed on final reading, will provide a top penalty of \$500 or 60 days for violation.

The council also:

Approved a two-year garbage collection franchise with option for Jules Tukes, present collector. Tukes will pay the Village 15c of every \$2 mothy charge collected.

Received word from the FEC railway that it is investigating the Village request for crossing signals at the NE 26 St. FEC crossing.

Approved renewal of deputy sheriffs' bonds for Police Chief Richard Beaney and Councilman J. Marvin Brown, police commissioner.

Okayed Beaney's request for a third policeman and authorized Clerk Marcia Stafford to advertise for applications for the post.

Authorized Beaney to look into the cost of a motorcycle for the police department.

Passed, on first reading, an ordinance requiring that bicycles be registered and licensed at 75c annually and authorized Beaney to

Davis Sets Rules For Dismissal On Circus Day

The circus is coming to town next Thursday, November 20; and Wilton Manors School Principal W. Bryan Davis explained how the rules are going to work for children whose parents want to take them to the afternoon show.

Children who go home to lunch at noon and remain there will not have to bring a note in order to be excused.

Children who have their lunch at school and who want to be excused later, in time for the show at Holiday Park, must bring a note asking that they be excused.

Davis said he wanted to explain how the system will work in order to help parents decide which arrangement they prefer to use.

Council Okays Land Sale On Rumored Theatre Site

Oakland Park City Council passed an ordinance last Wednesday night confirming the sale of a tract of city-owned land near the end of North Andrews Ave. extension where it has been reported that a drive-in motion picture theater will be erected.

The council approved sale of the property to a corporation known as Milofron, Inc.

Rumors have been circulating for some time that a large theater chain, reportedly Wometco, planned to build an outdoor theater on the site but the rumors, first reported in The Sun some weeks ago, never have been formally confirmed.

However, an anonymous official of Oakland Park indicated that the Milofron concern is a subsidiary of Wometco, whose South Florida headquarters are in Miami.

Gurney, Brown Seated As Board Reorganizes

Village Council President Earle Middleton was re-nominated as presiding officer of the board Tuesday night and will serve as council president for the coming year. As the council met to reorganize following last week's local election, James Dean was reelected vice president of the board. Councilman J. Marvin Brown got back his post of police commissioner and Frank Starling again took the fire commissioner's duties.

Only major change in the reorganization was the election of Earl Gurney, the council's new member, to serve as commissioner of streets and parks.

Gurney and Councilman Brown both are beginning new terms, but Gurney is a newcomer to the Wilton Manors political picture while Brown is an oldtimer.

Gurney succeeds former Councilman James A. Boyd, who did not seek reelection in this year's race.

Gurney and Brown were sworn in as council members just prior to the opening of the regular meeting Tuesday night, and the reorganization of the board followed the official opening of the session.

The motion to reelect Middleton as president of the council was offered by Councilman Dean and

EARLE MIDDLETON
Village Council President

seconded by Councilman Starling. It passed unanimously, as did the other nominations.

Here's A Story of High Adventure To Make You Wish You Were 12 Again

(Editor's Note: This is the story of the trip made by the Girl Scouts of Troop 43 into the Everglades, where they spent the weekend with the Seminole people at the Big Cypress reservation 150 miles from Ft. Lauderdale. Accompanying the girls were Mrs. R. L. Newton, the troop leader; Mr. Newton, George W. Robinson, Sgt. W. D. Newton, Mrs. Robert Bridges, and Jody Noonan, a nurse's aide. The girls who made the trip were Betty Halliday, Karen Sewell, Dee Chabot, Nancy Lee, Betty Riebling, Shirley Wells, Juanita Cooper, Doris Peterson, Barbara Halliday, Bonnie Jennings, Carol Chabot, Martha Davis, Carlene Geisler, Barbara Rosa, Phyllis Carter, Joyce Bridges, Julia Dillard, Dorothy Tommie, Bonnie Oras, and Elizabeth Van Arsdale.)

Our adventure began late Friday afternoon when our little caravan set out from the home of Mr. and Mrs. R. L. Newton in Wilton Manors, bound for the Big Cypress Seminole Indian reservation deep in the Everglades. We encountered a great deal of excitement before reaching our destination when a jeep towing the trailer laden with our supplies ran out of gas in the middle of a herd of cattle crossing the road. After maneuvering through the cattle with our lead car towing the jeep and trailer, we finally made our way to the home of Morgan Smith, the Seminole friend who had made the arrangements for our camp.

We received a very friendly greeting from him and he accompanied us to our group of chickees which were to be our home for the weekend. He gave us instructions on how to live in a Seminole camp and we settled in for the night.

Early Saturday morning, he returned with Mr. J. Messer, the Government agent, to see how we were getting along. Mr. Messer also made us welcome and told us we were privileged to make the Reservation our home. After morning chores, we divided into three groups, each with adult supervision, and set out to explore the wilds of the Everglades. We regrouped at lunch and went out on further expeditions.

That night around the campfire, we compared notes and discovered that we had been fortunate to observe many interesting examples of Florida wildlife such as mink,

raccoon, opossum, many varieties of tropical birds, wild boar, wild coffee and figs and the aloe plant which is used by the Seminole medicine man for healing purposes.

One group was accompanied by Dorothy Tommie, our Seminole Girl Scout who told about the ways of the Seminoles. She pointed out many interesting examples of Seminole life such as a group of women washing clothes in the springs streams along the trail and the Seminole cattlemen on horseback rounding up the cows. She showed us the Government school, and the girls were surprised to see how modern it is.

Sunday morning was a different story. We hurried through breakfast and morning chores and donned our uniforms to attend Sunday school and church at the Big Cypress Baptist Mission which started at 9:30. The Seminole people greeted us warmly and invited us in.

First, they held a general assembly, then everyone went to their respective classes of which there (See Adventure, Page 3)

Water System Due For Completion In A Matter of Days

Wilton Manors' water system is expected to be completed as originally planned by the consulting engineers, Black and Associates, Gainesville, within a matter of only a few more days.

The announcement was made this week by Village Water Engineer O. M. Dunton, who said new mains laid this week by Inter-county Construction Co. on NE 21 Ct. would bring the system as planned close to completion.

Also included in the wind-up phase of the construction will be the laying of mains on NE 25 St., west of N Andrews Ave. Extension, which is part of the original plan.

Dunton also asked that the office hours of the water department at 2114 Wilton Drive be publicized.

Hours are 9 to 5 daily, Monday through Friday, and 9 to 12 on Saturdays.

BUY AT HOME AND PROSPER

Sun To Inaugurate Want Ad Column

By popular demand, your newspaper, the Wilton-Oakland Sun, will begin next week a regular want-ad column as a feature to serve local residents who have need for such a service.

There are literally hundreds of us who have items around the house that are of no immediate use, items which could be turned into cash. With Christmas approaching, cash is, to say the least, a bit convenient to have around.

A used dinette, maybe; a car; an outgrown tricycle; a set of dishes; a lawnmower; a litter of puppies; a spare bedroom to rent; just a few of the items you might have to offer.

Rates will be 60c for the first 15 words, three cents for additional words. Minimum charge, 60c.

Payment to be made at the time your want-ad is placed.

Copy and payment may be left at Manor Hardware and Hobby-craft, 2188 Wilton Drive. Deadline will be 12 noon Monday for the issue of the following Thursday.

Proud of These Girls!

The Eagle Scout with his honors can move over. In fact, he can get plumb off to one side for a moment while we pay humble tribute to the Girl Scouts of Wilton Manors, for two reasons:

- (1) their real, American adventurous spirit.
- (2) the example they have set for all who would get along with others.

On Page 1 of this issue you will read the story of high adventure these girls enacted during a trip into the Everglades. If you can start reading it and then stop in the middle for anything short of a fire, you are mighty bored with life.

It was two years ago that these Wilton Manors girls set out to show us an example of brotherhood by making real friends of the Seminole Indians who live in the Everglades to the west of us.

The Seminoles are a good people, but they do not take too readily to any white man who extends an apparently friendly hand to them. Their cautiousness in dealing with us is understandable.

The world is run by supposedly adult men and women, most of them seemingly gifted with a high order of intelligence. But they can't get along with other nationalities and sometimes not even with their next door neighbors.

The UN's agenda is loaded with complaints while guns boom and people die in many parts of the world. The courts of the nation are packed with people who can't get along with their neighbors.

Now read the story of these Wilton Manors girls and their friends, the Seminoles.

Wouldn't you say it appears that our "civilized" education suppresses some of the higher instincts along with the baser ones?

WASHINGTON NEWS LETTER

From

George Smathers
 U.S. SENATOR

WASHINGTON. — I am going to talk a lot next year about the Presidential election. The election of 1956 I mean. I am introducing legislation in January which will have the effect of putting national elections more firmly in the hands of the people. This is my legislative program: (1) Provide for a nationwide presidential nominating primary. (2) Revision of the Electoral College system so that people would vote directly for the president rather than electors, and establishment of a system whereby popular vote of each state would count in total vote cast for a candidate for president. (3) Pro-

vide for an election in "off years" of successors to the president, in event of his death or disqualification, with the vice president serving only until the next general election. (4) Holding of the quadrennial election over a period

of three days, instead of a single Election Day as at present.

Most people are familiar with my National Primary Bill which proposes selection of the party nominees by the people, instead of a handful of convention manipulators. Related to that is the proposal to give proportionate representation in the Electoral College based on popular vote to each candidate, thus providing some insurance against a president being elected with the necessary electoral vote but without a majority vote.

My proposal to alter the vice president's role would bring the office of the president closer to the people. As it is now, the attention of the people is directed toward the presidential candidate, and before accepting his understudy in a long time White House role, it would be well to have a new look at him, hear his views and proposals, and give the people a chance to approve or disapprove him for the bigger job. I think we would have been better off under such a program in the past.

ADVENTURE

(Continued From Page 1)

are four; kindergarten, intermediate, women's adult and men's adult.

The Girl Scouts with Mrs. Newton and Mr. G. W. Robinson attended the intermediate class which was held under a large cypress tree. The little Seminole girl in charge of the class asked Mrs. Newton to read the lesson for the day. When it was finished the Girl Scouts and the Seminole children all joined in singing the hymn, "Jesus Loves All the Children of the World".

Three of us attended the adult women's class which was instructed by a visiting Cherokee minister. He spoke first in Miccosukki and then in English to tell us that regardless of the difference between the Indian and the white man, we were all friends through our God, and we should always remain that way.

After Sunday school, everyone went into the church to hear the sermon delivered by the Rev. Sam Tommie. The sermons were given in two dialects, Miccosukki in the morning and Creek in the afternoon. Rev. Tommie extended a gracious welcome to the Girl Scouts and introduced our leader, Mrs. Newton, asking her to speak to the congregation about how we

TODAY'S Meditation

The Upper Room
THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

And forgive us our debts, as we forgive our debtors.
(Matthew 6:12.) Read Luke 17:3-10.

During the occupation of the Philippines, a chaplain brought medical supplies to the prisoners on Corregidor. What he had done was discovered. He was imprisoned. One day a soldier injured him by striking him on the back of the neck with the butt of a rifle. Later the chaplain was forced to spend fifteen hours a day in an uncomfortable position.

In his agony, he began praying the Lord's Prayer. But when he came to the words, "Forgive us our trespasses, as we forgive those who trespass against us," he paused. Could he forgive one who had been so cruel to him, and who had denied medical aid to those who were so badly in need of it? After a long inward struggle, he finally said, "Yes." As he did so, peace filled his heart. He had no difficulty in continuing the Lord's Prayer.

Jesus Himself cherished no ill will, even toward those who were responsible for His death upon the cross. He prayed, "Father, forgive them; for they know not what they do."

It was a trip not to be soon forgotten by the Wilton Manors Girl Scouts.

in his agony, he began praying the Lord's Prayer. But when he came to the words, "Forgive us our trespasses, as we forgive those who trespass against us," he paused. Could he forgive one who had been so cruel to him, and who had denied medical aid to those who were so badly in need of it? After a long inward struggle, he finally said, "Yes." As he did so, peace filled his heart. He had no difficulty in continuing the Lord's Prayer.

Jesus Himself cherished no ill will, even toward those who were responsible for His death upon the cross. He prayed, "Father, forgive them; for they know not what they do."

PRAYER
Merciful and gracious Father, help us to be kind and considerate of others. Through the power of Thy Holy Spirit, give us the desire and will to forgive others, even as we ourselves need forgiveness because of our trespasses against others and against Thee. This we ask in Jesus' name. Amen.

THOUGHT FOR THE DAY
"If ye forgive men their trespasses, your heavenly Father will also forgive you."

FRED BEADLE

Too Late To Classify

By RUSSELL KAY

Boy, what a ball game that turned out to be. And what an upset. The amazing comeback of the Republican team after losing every game for the last 20 years was something to write home about. Never before have coaches worked so hard to get their teams in shape and never before have players exerted themselves so strenuously. From the pep rallies in Chicago to the standing on their feet and screaming their heads off.

From the standpoint of attendance, all records were smashed. The weather was perfect and the

stands were filled to the bursting point. Cheer leaders on both sides yelled themselves hoarse and kept the crowds amused with their acrobatics. The bands were mag-

nificent and they put on a gay and colorful show.

Both teams looked good when they came out on the field and both received a great ovation. The Champs were confident. They had never been beaten since they had developed their famous New Deal-Fair Deal formation.

Remembering their last bitter defeat, the Republican team entered the field grim and determined. Their old guards were still on the team but hopes were pinned on a new quarterback, Ike Eisenhower.

Team captains Taft and Truman marched to the center of the field for the toss. The Democrats elected to receive and the game was on. The Republican punt was good—Stevenson caught the ball on the 30 yard line advancing it 15 yards before he was downed.

With the outcome still in doubt the two teams entered the last quarter at the point of exhaustion. The Democrats still sticking to their old LEFT run and their New Deal-Fair Deal formation were losing ground steadily. The big break came with only a few minutes left to play when Eisenhower recovered a Truman fumble on Korea. In the next play he went around the RIGHT end and smashed through for a touchdown.

It was a great game, an American game, and one long to remember.

Florida Citrus Exchange is by far the largest and most important cooperative marketing organization in the state.

Florida's famous Cypress Gardens will have an honored place in a revolutionary three-dimensional movie depicting scenes in Europe and the United States.

Manor Market Will Display Big New Store This Weekend

Manor Market, one of Wilton Manors' pioneer business establishments, starts a new era this weekend with the opening of its new and expanded store building, enlarged and improved at a cost of something like \$75,000.

For owners Lamar Braddy and Frank Starling, it's more than just the opening of a new store. It amounts to the confirmation of the original decision to locate here.

There were plenty of people then who said, in so many words, that the man who built a store out here in the woods had to be either crazy or foolish.

But Wilton Manors, as Braddy predicted, grew and developed. And not only that, thousands of new people have been brought to Wilton Manors from other communities for the first time through Manor Market's shrewd merchandising techniques.

And so, in the short span of six years, the Village has become the fastest growing community in the entire area and Manor Market has become the biggest business in it.

Floor space in the store has been more than doubled in the new expansion; and perhaps most important, some two acres of paved parking facilities will now be provided for customers.

Every one in the Wilton Manors-Oakland Park area extends best wishes for continued success to Manor Market!

Feramo Grotto Sponsors Minstrel at Auditorium For Cerebral Palsy Fund

For its third annual sponsorship, the Feramo Grotto will sponsor the newest thing in show business, with its premier at the War Memorial auditorium on January 7.

For the past two years, the Grotto sponsored the Rogers Bros. Circus, with the funds realized going to the local Broward County Cerebral Palsy and Humanitarian Fund. More than \$1500 has been turned over to the local Easter Seal school for Broward County victims.

The Grotto this year was fortunate to secure Bill Bailey's All-Star Minstrels to appear for two performances at the War Memorial on January 7.

This show is an authentic reproduction complete with costumes, scenery, music and dancing of the minstrel shows of 30 years ago that produced famous names of yesteryear, the chairman said—complete in every detail down to the old time costume parade to be held at 11:45 a. m. on show day.

This is the only all White professional minstrel show in the United States with a company of 50, according to the chairman.

There will be a non-reserved matinee at 3 p. m. and an all-reserved show at 8 p. m. each lasting two hours.

The funds are again for the Cerebral Palsy and Humanitarian Fund of Broward County. These funds are raised by the solicitation by phone for advertising space in the program to be distributed free and the sale of tickets for the show.

In the past years many firms and individuals bought tickets for

deserving children and this will also be the method of sales this year.

A sales promotion office has been set up at 901 Progresso Drive, Fort Lauderdale.

Here is a show that will be long remembered—and the individual may help the victims of this dreaded crippling scourge right here at home.

Plan now to see this newest show and help your own community 'Keep The Wheel Chair Empty.'

—Earl E. Lettelier,

Chairman

Feramo Grotto

Dorothy Elfers To Be January Bride

Mr. and Mrs. Elmer W. Elfers, 15 NE 25 St., Wilton Manors, have announced the engagement and approaching marriage of their daughter, Dorothy, to Mr. Archie Blair, 421 NE 24 St., son of Mr. and Mrs. William Blair of Bayshore, Long Island, N. Y.

The wedding is expected to take place some time in January.

Miss Elfers, a graduate of Ft. Lauderdale High School, has been a resident of Wilton Manors for nine years, coming here from

Kenosha, Wis.

Mr. Blair is a graduate of Bayshore High School, Bayshore, L. I., and has been a resident here for five and one half years.

The prospective bridegroom is a member of the Elks Club, the Bachelors Club of Ft. Lauderdale, and the Ft. Lauderdale Junior Chamber of Commerce.

Numerous parties are being planned to fete the bride-to-be.

THANKS TO DEMOCRATS

Thanks to all Democrats who voted for General Eisenhower. All of us who did this are so thankful that we have been going around congratulating each other on the miracle that happened. Of almost equal importance was the fact that this was made possible because MORE people went to the polls and voted on the people's side.

Before nomination General Eisenhower said . . . "When all citizens participate in all phases of the election from the precinct level up, then politics will become the noblest of all professions and the most productive for the public good."

Recently Reverend Alexander said . . . "Willy nilly, whether you like it or not, the decisions that decide the destiny of our world are made in the realm of politics."

Admitting the truth of these two statements, all of us should take a more active part in politics. This to protect our own interests for our religion, our business, our freedom and everything we possess including life, liberty, and pursuit of happiness depends on our having a government by the people.

TO ACTIVELY PARTICIPATE IN POLITICS TAKES A CERTAIN AMOUNT OF COURAGE, but nothing to compare with the courage of General Eisenhower when he stood up against the ridicule, the lies and the attempted character assassination by gutter politicians as calmly as he has faced the cannon's mouth, **SUSTAINED BY AN ABIDING FAITH IN THE LOYALTY AND AMERICANISM OF THE INDIVIDUAL VOTER.** This exhibition of courage can only be compared with that of Senator Bob Taft who went up against a similar ordeal in the Senate race in Ohio in 1950 or the indomitable courage of both of these men who (in spite of the bitter rivalry for the nomination) joined hands and marched side by side to the recent unimpressive victory on the side of the people.

THE GREATEST EVIL in our country today lies in the fact that in all civic organizations for the betterment of local and national affairs, there is a rule that **POLITICS SHALL NOT BE DISCUSSED** by the members or its officers. On election day these organizations advise their members to vote, but no provision has been made to educate its members on the **ISSUES INVOLVED** or **WHY** they should vote. As a result some do not vote and others cast an **IGNORANT BALLOT** which is more harmful than if they had not voted. The citizens who belong to these organizations and who pride themselves on the good work they have done for the Church, Red Cross, Boy Scouts, etc., are the very ones who should enter the realm of politics to fight on the side of honesty, economy and good government upon which all of their worthwhile activities depend.

To secure the help of our best citizens, some plan to get around this road block which prevents the discussion of politics must be found. Could a group of **INDIVIDUAL** members study the issues or enlist other **INDIVIDUALS** to participate in politics as a **NECESSITY** for good government? As an **INDIVIDUAL MEMBER** in your organization **WHAT PLAN** do you suggest? The failure of our better citizens to participate in politics leaves the candidate to the mercy of the selfish and corrupt interests and is the **ONE** reason why we do not have the efficiency and honesty in government that is so vital.

IF YOU WILL TAKE MORE INTEREST IN YOUR GOVERNMENT YOUR GOVERNMENT WILL TAKE MORE INTEREST IN YOU.

The editorial in the Ft. Lauderdale Daily News of November fifth pointed out the strategy of the Truman administration which was to enlist innumerable "self appointed" party leaders and radical union bosses to persuade the voters to support Stevenson. But the individual voter refused to . . . "do their bidding, threw off their chains, and voted as independent and free Americans rather than as serfs and pawns of master politicians."

This is what we on the "voters side" had hoped they would do. This was a "GREAT DAY" for America. Let us all pray for the independence and freedom of the individual voter and that in the future **MORE** citizens will take **MORE** interest in the politics that control our government.

At one time it appeared that the people, **THROUGH LACK OF INTEREST,** had lost the control of their government to organized minorities, crime syndicates, bureaucrats and socialists, (**AND THE FATE OF OUR COUNTRY HUNG IN THE BALANCE**) but at the very last minute the people surged under the wire as the winner. But **SOMETHING MUST BE DONE FROM HERE ON OUT TO MAKE ASSURANCE DOUBLY SURE THAT, BEYOND THE SHADOW OF A DOUBT, THE PEOPLE SHALL RETAIN THE CONTROL OF THEIR GOVERNMENT AT ALL TIMES.** What is your solution?

Prompt Action By Volunteer Firemen Stops Spread of Oakland Park Blaze

Fast action by the Oakland Park Volunteer Fire Department was effective Monday night in preventing a possible disaster when a small frame dwelling on West Ocean Blvd. was gutted by fire. Flames were first spotted in the building after midnight, and within the short span of less than 10 minutes members of the V. F. D. were on the scene with pumper equipment and in action to quench the blaze.

Meanwhile, the Wilton Manors Volunteer Fire Department was promptly called out by means of the Village siren. Its members stood by in the Village, ready to move onto the scene with the Manors equipment if needed.

The burned dwelling at 600 West Ocean Blvd., owned by Mrs. Florence Campbell, was unoccupied at the time of the fire. But another frame building, only a few feet away, was occupied and was threatened by the blaze. The volunteers' quick work prevented the fire from spreading to the second building.

Mrs. Campbell said she did not know how the fire might have started, and its origin could not

immediately be determined.

But at least two loud reports, like explosions, were heard. And Mrs. Campbell indicated they might have been caused by quantities of kerosene in the building.

She said kerosene was used for cooking in the structure when it was occupied.

Despite the promptness of firemen, the interior of the building was virtually destroyed and damage was figured in the hundreds of dollars.

Bystanders were unanimous in their remarks commenting on the speed of the Oakland Park Volunteers. And when the Wilton Manors alarm was sounded at 12:50 a. m. for possible assistance, members began arriving at the meeting place at Manor Market within four minutes.

Nominees For Firemen's Offices Are Selected For Annual December Voting

A five-man nominating committee of the Wilton Manors Volunteer Firemen's Association announced Monday night its recommendations for officers to serve the Village fire department during the coming year.

Here are the nominations as suggested by the committee:

For president, Charles A. Saxer; vice president, Charles Sills; secretary, Harry Wells; treasurer, Ray Hamel; chief, Edgar Thomas; assistant chief, William Pabor; captain, C. M. Comly; lieutenant, Elmer Novak; directors, Charles Saxer, R. Haslett, William Hickson, Rudolph Klippel and Guy Smith.

The election of officers will be held at the firemen's next meeting, on December 8.

Members of the nominating committee were Frank Starling, J. Marvin Brown, Richard Beaney, Charles Sills, William Pabor.

Incidentally, the firemen are making plans for the annual

county-wide dance sponsored by the Broward County Volunteer Firemen's Association, to be held at Southside Auditorium in Ft. Lauderdale on Saturday, November 22.
