WHY CUSTOMERS COME BACK
The owners of Margaret's Do-Nut and Coffee Shop have learned how to get the customer to keep buying their products. "Our competition", said the manager, "is not another baker. It is the housewife. We have always felt that if we are to sell baked foods and prosper at it, we must excel her in quality, in freshness, in taste , and in keeping qualities!"
"About the housewife. How does she bake? She uses fresh milk, real butter and fresh eggs and fresh fruit in season. To compete with her on even terms and to get the finest quality product, so do we. That's the whole basis of our business."
"We are baking an old fashioned type of bread and coffee cakes in addition to our regular line of do-nuts, rolls, etc."
Our location at 403 Old Dixie Hwy. in Oakland Park, gives us the needed savings which we add to our goods! Advertisement.

**At last...for kitchens, bathrooms, woodwork
...one enamel that offers all these features!**

Non-yellowing!

Here's the "whitest" white you ever saw! And best of all, it stays white... will not yellow with age... withstands kitchen fumes, bathroom steam.

Easy brushing!

Goes on so easily... makes painting a breeze! Never before has there been an enamel that goes on so effortlessly, yet gives such perfect results.

Lasting rich gloss

Your choice of Hi-Lustre for that luminous sparkling effect or Semi-Lustre for that luxurious, hand-rubbed look. Either one will wear and wear!

Scrubability!

Scrub it as hard and as often as you like! Gleem's porcelain-like surface remains lustrous and fresh-looking long after ordinary enamels deteriorate.

"Baked-on" beauty!

A smooth, flawless finish for walls and woodwork... a true white that looks and wears like the "baked-on" finish of your appliances.

Extra hiding-power!

Each brushful goes farther... covers most surfaces in one coat... this extra "mileage" adds up to a substantially lower net-cost-per-job.
