## — INTRODUCTION —

We of the Wilton Manors Kiwanis Club want to express our sincere thanks first to the merchants who have made this project and directory possible and hope that, the persons who use this book will first search these pages for merchants who handle the product or service they are seeking, and patronize him, as we feel sure he will be friendly and helpful, and have a quality product for you.

To the officials of the City of Wilton Manors and the Council in particular, our gratitude for passing a resolution on October 2, 1956, making this directory the Official Street Directory for the City of Wilton Manors.

With the creed of the Kiwanis International our aim is to do as much good towards God and Country, and we of the Wilton Manors Club through our president Robert Pryor and all of our members, will use the funds earned through this project to further our work among the children of this community, with needed playground equipment and for any other worthy project that may come to the attention of our club, and deem it proper to assist.

Use this directory and map when needed and keep it for future reference, as it does not go out of use after a short period, but is always ready for your help.

May we take a little pride, in that we have caused the first street directory to be assembled and published in this area, and hope to improve on it from time to time.

Activities Chairman
